

OSC Corporate Finance – IFRS Release No. 2

A REMINDER BEFORE YOU FILE YOUR FIRST IFRS INTERIM FINANCIAL REPORT

Further to IFRS Release No. 1 *Filing Deficiencies In Issuers' First IFRS Interim Financial Reports* published by the OSC on May 19, 2011, the OSC's Corporate Finance Branch is issuing this communication as a reminder to reporting issuers of some of the key elements of a first IFRS interim financial report. We have included on the next page of this document a "tip sheet" to assist issuers in checking for these elements in order to lessen the possibility of a restatement. An issuer may use this document to complement other technical guidance it uses to ensure its first IFRS interim financial report complies with IFRS and securities requirements.

Please note that this publication is not meant to be a complete checklist for all of the requirements under IFRS and securities legislation for an interim financial report, but rather a quick reference tool to enable an issuer to avoid certain significant deficiencies in their filings.

For further guidance on the filing of IFRS interim financial report for the first quarter of 2011, please refer to the OSC Issuer Guide – Top 10 Tips for Public Companies Filing Their First IFRS Interim Financial Report, which is available on the OSC website at www.osc.gov.on.ca/IFRSGuide.

The attached tip sheet is for calendar year-end companies only. For tip sheets on March 31, June 30, and September 30 year ends, please refer to the OSC website.
