Volta Files Amended Annual Information Form

TSX: VTR

TORONTO, June 21 /CNW/ - Volta Resources Inc. ("Volta" or the "Company") (TSX:VTR) has filed an amended annual information form (the "Amended AIF") on the System for Electronic Document Analysis and Retrieval (SEDAR), which can be viewed electronically under the Company's profile at [www.sedar.com](http://www.sedar.com). Volta has chosen to file the Amended AIF to amend certain disclosure concerning the Company's non-material mineral properties. Volta does not view the amendments reflected in the Amended AIF as a material change.

Volta is a mineral exploration company primarily focused on becoming a leader in the identification, acquisition and exploration of gold properties in West Africa. The Company is currently fast-tracking its flagship Kiaka Gold Project, located in Burkina Faso, towards a development decision.
