Win-Eldrich Files Revised Unaudited Interim Financial Statements

TORONTO, ONTARIO--(July 15, 2011). Win-Eldrich Mines Limited (“Win-Eldrich” or the “Company”) (TSXV:WEX) announced that it has filed amended consolidated financial statements for the period ended March 31, 2011 with a revised Statement of Changes in Shareholders’ Equity.

As initially filed, the Statement of Changes in Shareholders’ Equity did not separately present the comparative quarter ended March 31, 2010 in the statement for 2010. The revised statements now include this comparative period continuity. This change provides enhanced disclosure of the comparative period and does not change previously reported earnings.

The revised consolidated financial statements replace and supersede the consolidated financial statements previously filed on SEDAR on June 30, 2011.

For further information please contact Mr. Perry Muller, President at 402-435-7206
