### 2.1 Decisions

#### 2.1.1 Brookfield Business Partners L.P. and Brookfield Business Corporation

##### Headnote

National Policy 11-203 Process for Exemptive Relief Applications in Multiple Jurisdictions – Multilateral Instrument 61-101 Protection of Minority Security Holders in Special Transactions – partnership creates corporation to provide investors with alternative way to hold its units – corporation issues exchangeable shares whose terms are structured so that each exchangeable share is functionally and economically equivalent to a partnership unit – each exchangeable share provides an equivalent economic return as a partnership unit – both the partnership and the corporation are reporting issuers – related party transactions between the partnership and the corporation are exempt from the related party transaction requirements, subject to conditions – partnership may include corporation's exchangeable shares when calculating market capitalization for the purposes of using the 25% market capitalization exemption for certain related party transactions, subject to conditions.

##### Applicable Legislative Provisions

Multilateral Instrument 61-101 Protection of Minority Security Holders in Special Transactions, Part 5, ss. 5.5(a), 5.7(1)(a) and 9.1.

March 1, 2022

IN THE MATTER OF  
THE SECURITIES LEGISLATION OF  
ONTARIO  
(the Jurisdiction)

AND

IN THE MATTER OF  
THE PROCESS FOR EXEMPTIVE RELIEF APPLICATIONS  
IN MULTIPLE JURISDICTIONS

AND

IN THE MATTER OF  
BROOKFIELD BUSINESS PARTNERS L.P., AND  
BROOKFIELD BUSINESS CORPORATION

DECISION

##### Background

The principal regulator in the Jurisdiction has received an application from Brookfield Business Partners L.P. (**BBU**) and Brookfield Business Corporation (**BBUC**, and together with BBU, the **Filers**) for a decision under the securities legislation of the Jurisdiction of the principal regulator (the **Legislation**) that:

- (a) BBU be exempt from the requirements of Part 5 of Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* (**MI 61-101**), and such requirements, the **Related Party Transaction Requirements**) in connection with any related party transaction of BBU with BBUC or any of BBUC's subsidiary entities (the **BBU Related Party Relief**);
- (b) BBUC be exempt from the Related Party Transaction Requirements in connection with any related party transaction of BBUC with BBU or any of BBU's subsidiary entities (the **BBUC Related Party Relief**); and
- (c) BBU be exempt from the requirements of sections 5.4 and 5.6 of MI 61-101 (the **Valuation and Minority Approval Requirements**) in connection with any related party transaction of BBU entered into indirectly through Holding LP (as defined below) or any subsidiary entity of Holding LP, if that transaction would qualify for the transaction size exemptions set out in sections 5.5(a) and 5.7(1)(a) of MI 61-101 if the class A exchangeable subordinate voting shares of BBUC (the **Exchangeable Shares**) were included in the calculation of BBU's

market capitalization (the **Transaction Size Relief**, collectively with the BBU Related Party Relief and the BBUC Related Party Relief, the **Exemption Sought**).

A decision granting the Exemption Sought to the Filers was issued by the principal regulator on October 8, 2021 (the **Initial Decision**) in connection with a preliminary prospectus filed by the Filers on July 30, 2021 to facilitate the Special Distribution (as defined below). The Filers were unable to file a final prospectus within the maximum time period prescribed by section 2.3 of National Instrument 41-101 *General Prospectus Requirements* and filed the New Prospectus (as defined below) on January 26, 2022.

Other than the filing of the New Prospectus, there have been no changes to the terms of the Special Distribution, the Exchangeable Share Provisions, or the ownership and control of BBUC that will exist upon completion of the Special Distribution. The representations of the Filers made in the Initial Decision have been repeated here and updated where appropriate given the passage of time since the date of the Initial Decision.

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a passport application):

- (a) the Ontario Securities Commission is the principal regulator for this application; and
- (b) the Filers have provided notice that subsection 4.7(1) of Multilateral Instrument 11-102 *Passport System (MI 11-102)* is intended to be relied upon in Alberta, Manitoba, New Brunswick, Quebec, and Saskatchewan.

### **Interpretation**

Terms defined in National Instrument 14-101 *Definitions*, MI 11-102 and MI 61-101 have the same meaning if used in this decision, unless otherwise defined.

### **Representations**

This decision is based on the following facts represented by the Filers:

#### Relevant Entities

##### *BBU*

1. BBU is an exempted limited partnership established, registered and in good standing under the laws of Bermuda. BBU's registered and head office is located at 73 Front Street, 5<sup>th</sup> Floor, Hamilton HM 12, Bermuda.
2. BBU is a reporting issuer in all of the provinces and territories of Canada and is an SEC foreign issuer within the meaning of section 1.1 of National Instrument 71-102 *Continuous Disclosure and Other Exemptions Relating to Foreign Issuers (NI 71-102)* and satisfies its continuous disclosure obligations by complying with U.S. federal securities laws as permitted under NI 71-102. BBU is not in default of any requirement of securities legislation in the jurisdictions in which it is a reporting issuer.
3. The authorized capital of BBU consists of: (a) non-voting limited partnership units (the **BBU Units**); and (b) general partnership units.
4. The BBU Units are listed on the New York Stock Exchange (**NYSE**) and the Toronto Stock Exchange (**TSX**) under the symbols "BBU" and "BBU.UN", respectively.
5. BBU's only substantial asset is its limited partnership interest in Brookfield Business L.P. (**Holding LP**), a Bermuda exempted limited partnership established, registered and in good standing under the laws of Bermuda.
6. Brookfield Business Partners Limited, a wholly-owned subsidiary of Brookfield Asset Management Inc. (**Brookfield**), holds the general partner units in BBU.

##### *Brookfield*

7. Brookfield is a corporation existing and in good standing under the *Business Corporations Act* (Ontario). Brookfield's registered and head office is located at Suite 300, Brookfield Place, 181 Bay Street, Toronto, Ontario, M5J 2T3.
8. Brookfield is a reporting issuer in all of the provinces and territories of Canada and is not in default of any requirement of securities legislation in the jurisdictions in which it is a reporting issuer.
9. The Class A Limited Voting Shares of Brookfield are listed on the NYSE and the TSX under the symbols "BAM" and "BAM.A", respectively.

## Decisions, Orders and Rulings

---

10. Brookfield holds an approximate 64.5% economic interest in BBU on a fully-exchanged basis through its indirect ownership of redeemable partnership units of Holding LP (the **Redeemable Partnership Units**).
11. Brookfield indirectly holds 100% of the voting interests in BBU through its ownership of the general partner units of BBU.
12. BBU, Holding LP and certain of their subsidiaries have retained Brookfield and its related entities to provide management, administrative and advisory services under a master services agreement.

### BBUC

13. BBUC is a corporation existing and in good standing under the *Business Corporations Act* (British Columbia), and was incorporated on June 21, 2021. BBUC's registered office is located at 1500 Royal Centre, 1055 West Georgia Street, P.O. Box 11117, Vancouver, British Columbia, V6E 4N7. BBUC's head office is located at 250 Vesey Street, 15th Floor, New York, New York, 10281, United States of America.
14. The authorized share capital of BBUC consists of an unlimited number of common shares (the **BBUC Common Shares**).
15. As at February 22, 2022, there are 7,345,846 BBUC Common Shares issued and outstanding, all of which are held, directly or indirectly, by Brookfield BBP Canada Holdings Inc. (**CanHoldCo**), a wholly-owned subsidiary of Holding LP.
16. BBUC's initial operations consist of business services and industrial operations primarily located in Australia, the United Kingdom, the United States and Brazil.
17. BBUC is not a reporting issuer in any jurisdiction and is not in default of any applicable requirement of securities legislation.

### The Special Distribution

18. BBU believes that certain investors in certain jurisdictions may be dissuaded from investing in BBU because of the tax reporting framework that results from investing in units of a Bermuda exempted limited partnership.
19. BBUC was created, in part, to provide investors that would not otherwise invest in BBU with an opportunity to gain access to BBU's portfolio of services and industrial operations and their associated returns, and to provide investors with the flexibility to own, through the ownership of an Exchangeable Share, the economic equivalent of a BBU Unit.
20. BBU will be distributing Exchangeable Shares to holders of BBU Units (the **Special Distribution**). The Special Distribution is, in effect, a stock split of the BBU Units.
21. On January 26, 2022, (i) BBUC filed a preliminary long form prospectus to qualify the distribution of the Exchangeable Shares to be distributed pursuant to the Special Distribution, and (ii) BBU filed a preliminary short form prospectus to qualify the BBU Units issuable or deliverable upon the exchange, redemption or purchase of Exchangeable Shares pursuant to their terms (collectively, the **New Prospectus**).
22. Upon obtaining a receipt for the final prospectus, BBUC will become a reporting issuer in each of the provinces and territories of Canada.
23. BBUC has received conditional approval to have the Exchangeable Shares listed on the TSX, and the NYSE has conditionally authorized BBUC to list the Exchangeable Shares on the NYSE.
24. BBUC filed a registration statement on Form F-1 with the U.S. Securities and Exchange Commission (the **SEC**), to register the Exchangeable Shares that will be distributed pursuant to the Special Distribution, and BBU filed a registration statement of Form F-3 with the SEC, as amended, to register the BBU Units issuable or deliverable upon the exchange, redemption or purchase of Exchangeable Shares pursuant to their terms.
25. In November and December 2021, the following assets and ownership interests were transferred, directly or indirectly, by CanHoldCo to BBUC for consideration consisting of promissory notes (the **2021 Promissory Notes**) and 7,345,846 BBUC Common Shares:
  - (a) an approximate 28% economic interest in Healthscope Pty Limited;
  - (b) an approximate 26% economic interest in BRK Ambiental Participações S.A.;
  - (c) an approximate 27% economic interest in Westinghouse Electric Company; and
  - (d) a 100% economic interest in Multiplex Global Limited.

26. Prior to the Special Distribution:
- (a) BBUC will reclassify its share structure such that, following the reclassification, BBUC's authorized share capital will consist of: (i) an unlimited number of Exchangeable Shares; (ii) an unlimited number of class B multiple voting shares (the **Class B Shares**); (iii) an unlimited number of class C non-voting shares (the **Class C Shares**); (iv) an unlimited number of class A senior preferred shares (issuable in series); and (v) an unlimited number of class B junior preferred shares (issuable in series);
  - (b) the 2021 Promissory Notes and an additional promissory note issued to CanHoldCo in exchange for a contribution of cash will be settled in exchange for the issuance of up to 74 million Exchangeable Shares and cash;
  - (c) the 7,345,846 BBUC Common Shares held, directly or indirectly, by CanHoldCo will be converted into Class C Shares;
  - (d) CanHoldCo will subscribe for one (1) Class B Share for nominal consideration, following which all of BBUC's issued and outstanding securities will be held, directly or indirectly, by CanHoldCo;
  - (e) BBUC Holdings Inc., a wholly-owned subsidiary of BBUC, will loan an amount of cash currently estimated to be \$391 million, to CanHoldCo in exchange for a promissory note;
  - (f) CanHoldCo will distribute all of the Exchangeable Shares to Holding LP as a return of capital; and
  - (g) BBU will receive Exchangeable Shares through a distribution by Holding LP of the Exchangeable Shares, on a proportionate basis, to all the holders of equity units of Holding LP, including Brookfield through its indirect ownership of Redeemable Partnership Units and special limited partnership units in Holding LP.
27. The distribution ratio of one (1) Exchangeable Share for every two (2) BBU Units was based on the fair market value of the businesses to be transferred by BBU to BBUC, the number of BBU Units outstanding at the time of the Special Distribution (assuming exchange of the Redeemable Partnership Units), and the market capitalization of BBU.
28. Each Exchangeable Share has been structured with the intention of providing an economic return equivalent to a BBU Unit and the rights, privileges, restrictions and conditions attached to each Exchangeable Share (the **Exchangeable Share Provisions**) are such that each Exchangeable Share is as nearly as practicable, functionally and economically, equivalent to a BBU Unit. In particular:
- (a) each Exchangeable Share will be exchangeable at the option of a holder for one (1) BBU Unit (subject to adjustment to reflect certain capital events) or its cash equivalent (the form of payment to be determined at the election of BBUC) (an **Exchange**);
  - (b) the Exchangeable Shares are redeemable by BBUC at any time (including following a notice requiring redemption having been given by BBU) for BBU Units (or its cash equivalent, at BBUC's election) on a one-for-one basis (subject to adjustment to reflect certain capital events) (a **Redemption**);
  - (c) upon a liquidation, dissolution or winding up of BBUC, holders of Exchangeable Shares will be entitled to receive BBU Units (or its cash equivalent, at BBUC's election) on a one-for-one basis (subject to adjustment to reflect certain capital events) and not any remaining property or assets of BBUC following such payment (a **BBUC Liquidation**);
  - (d) upon a liquidation, dissolution or winding up of BBU, including where substantially concurrent with a BBUC Liquidation, all of the Exchangeable Shares will be automatically redeemed for BBU Units (or its cash equivalent, at BBUC's election) on a one-for-one basis (subject to adjustment to reflect certain capital events) (a **BBU Liquidation**); and
  - (e) subject to applicable law and in accordance with the Exchangeable Share Provisions, each Exchangeable Share will entitle the holder to dividends from BBUC payable at the same time as, and equivalent to, each distribution on a BBU Unit. The Exchangeable Share Provisions also provide that if a distribution is declared on the BBU Units and an equivalent dividend is not declared and paid concurrently on the Exchangeable Shares, then the undeclared or unpaid amount of such dividend accrues and accumulates and is to be paid upon the first to occur of any of the circumstances contemplated by paragraphs (a) to (d) above, if not yet paid.
29. Upon being notified by BBUC that BBUC has received a request for an Exchange, BBU has an overriding call right to purchase (or have one of its affiliates purchase) all of the Exchangeable Shares that are the subject of the Exchange notice from the holder of Exchangeable Shares for BBU Units (or its cash equivalent, at BBU's election) on a one-for-one basis (subject to adjustment to reflect certain capital events).

## Decisions, Orders and Rulings

---

30. Upon being notified by BBUC that it intends to conduct a Redemption, BBU has an overriding call right to purchase (or have one of its affiliates purchase) all but not less than all of the then outstanding Exchangeable Shares for BBU Units (or its cash equivalent, at BBU's election) on a one-for-one basis (subject to adjustment to reflect certain capital events).
31. Upon the occurrence of a BBU Liquidation or BBUC Liquidation, BBU will have an overriding liquidation call right to purchase (or have one of its affiliates purchase) all but not less than all of the then outstanding Exchangeable Shares on the day prior to the effective date of such BBU Liquidation or BBUC Liquidation for BBU Units on a one-for-one basis (subject to adjustment to reflect certain capital events).
32. Prior to the Special Distribution, Brookfield will enter into a rights agreement (the **Rights Agreement**) pursuant to which it will agree that, for the five-year period beginning on the date of the Special Distribution, Brookfield will guarantee BBUC's obligation to deliver BBU Units or its cash equivalent in connection with an Exchange.
33. An investment in Exchangeable Shares will be as nearly as practicable, functionally and economically, equivalent to an investment in BBU Units. BBU expects that:
  - (a) investors of Exchangeable Shares will purchase Exchangeable Shares as an alternative way of owning BBU Units rather than a separate and distinct investment; and
  - (b) the market price of the Exchangeable Shares will be significantly impacted by (i) the combined business performance of BBUC and BBU as a single economic unit, and (ii) the market price of the BBU Units, in a manner that should result in the market price of the Exchangeable Shares tracking the market price of the BBU Units.
34. BBUC is intended to be an entity through which persons who do not wish to hold BBU Units directly, may hold their interests in BBU, and BBU is the entity through which holders of Exchangeable Shares and BBU Units hold their interests in the collective operations of BBU and its subsidiaries, including BBUC and its subsidiaries.

## Ownership and Control of BBUC

35. The Related Party Transaction Requirements do not apply to an issuer carrying out a related party transaction if:
  - (a) as provided under paragraph 5.1(d) of MI 61-101, the parties to the transaction consist solely of (i) an issuer and one or more of its wholly-owned subsidiary entities, or (ii) wholly-owned subsidiary entities of the same issuer. A person is considered to be a "wholly-owned subsidiary entity" of an issuer if the issuer owns, directly or indirectly, all of the voting and equity securities and securities convertible into voting and equity securities of the person; and/or
  - (b) as provided under paragraph 5.1(g) of MI 61-101 (the **Downstream Transaction Carve-Out**), the transaction is a downstream transaction for the issuer. A "downstream transaction" means, for an issuer, a transaction between the issuer and a related party of the issuer if, at the time the transaction is agreed to, (i) the issuer is a control person of the related party, and (ii) to the knowledge of the issuer after reasonable inquiry, no related party of the issuer, other than a wholly-owned subsidiary entity of the issuer, beneficially owns or exercises control or direction over, other than through its interest in the issuer, more than five per cent of any class of voting or equity securities of the related party that is a party to the transaction.
36. Section 1.3 of MI 61-101 provides that, for the purposes of MI 61-101, a transaction of a wholly-owned subsidiary entity of an issuer is deemed to be a transaction of the issuer.
37. Related party transactions among BBU and BBUC will be required for the operation of the Exchangeable Share Provisions and in connection with ordinary course financial support arrangements which may be entered into from time to time.
38. The only voting securities of BBUC are the Exchangeable Shares and the Class B Shares. Holders of Exchangeable Shares are entitled to one (1) vote per Exchangeable Share held and holders of Class B Shares are entitled to cast, in the aggregate, a number of votes equal to three (3) times the number of votes attached to the Exchangeable Shares.
39. Neither the Exchangeable Shares nor the Class B Shares carry a residual right to participate in the assets of BBUC upon liquidation or winding-up of BBUC, and accordingly, are not equity securities under the Legislation. The Class C Shares are the only equity securities of BBUC.
40. All of the Class B Shares and the Class C Shares will be indirectly owned by BBU and none of them will be transferable except to an affiliate of BBU. Accordingly, all of the equity securities of BBUC are held indirectly by BBU.

41. BBUC is not a wholly-owned subsidiary of BBU; BBU will not own, directly or indirectly, all of the voting securities of BBUC because Brookfield and members of the public will hold Exchangeable Shares. However, by virtue of the terms of the Class B Shares, BBU holds a 75% voting interest in BBUC, will control BBUC and the appointment and removal of directors of BBUC; the voting rights attached to the Exchangeable Shares do not allow holders of Exchangeable Shares to affect the control of BBUC. The voting right attached to each Exchangeable Share is expected to assist with index inclusion.
42. BBU is not able to rely on the Downstream Transaction Carve-Out because, upon completion of the Special Distribution, Brookfield will beneficially own or exercise control or direction over, more than five per cent of the Exchangeable Shares, as it will hold, directly or indirectly, approximately 64.5% of the Exchangeable Shares. Brookfield will accordingly have an approximate 16% voting interest in BBUC.
43. BBUC is a controlled subsidiary of BBU and BBU will consolidate BBUC and its businesses in BBU's financial statements.
44. By virtue of the Exchangeable Share Provisions, the economic rights of the holders of the Exchangeable Shares will not be affected by transactions between BBU and BBUC. BBU, as the sole holder of equity securities of BBUC, will receive any benefit and/or bear any detriment from related party transactions between BBU and BBUC.
45. Minority approval is required of every class of affected securities, being equity securities of the issuer. For BBUC, minority approval of a related party transaction of BBUC with BBU would be sought from the holders of its Class C Shares, all of which are held by BBU. BBU, as the counterparty to such a related party transaction, does not require the protections of MI 61-101.

Market Capitalization Calculation

46. It is anticipated that BBU will, from time to time, enter into transactions with certain related parties, including Brookfield and its affiliates (other than BBU and its related entities, including BBUC) indirectly through Holding LP and its subsidiaries (including BBUC and its subsidiaries).
47. The Valuation and Minority Approval Requirements require, subject to the availability of an exemption, that an issuer obtain: (a) a formal valuation of the transaction in a form satisfying the requirements of MI 61-101 by an independent valuator; and (b) approval of the transaction by disinterested holders of the affected securities of the issuer.
48. A related party transaction that is subject to MI 61-101 may be exempt from the Valuation and Minority Approval Requirements if, at the time the transaction is agreed to, neither the fair market value of the subject matter of, nor the fair market value of the consideration for, the transaction, exceeds 25% of the issuer's market capitalization (the **Market Cap Exemption**).
49. It is unclear whether BBU would be entitled to rely on the Market Cap Exemption available under the Legislation because the definition of market capitalization in the Legislation does not contemplate securities of another entity that are exchangeable into equity securities of the issuer.
50. The Exchangeable Shares represent part of the equity value of BBU and are functionally and economically equivalent to the BBU Units. As a result of the Exchangeable Share Provisions, holders of Exchangeable Shares have the ability to receive a BBU Unit or its cash equivalent (the form of payment to be determined at the election of BBUC) and will receive identical distributions to the BBU Units, as and when declared by the board of directors of BBUC. Moreover, the economic interests that underlie the Exchangeable Shares are identical to those underlying the BBU Units; namely, the assets and operations held directly or indirectly by BBU.
51. Any costs related to a transaction occurring within the BBUC group would be borne by BBU as the sole holder of the equity securities of BBUC. BBU will consolidate BBUC and its businesses in its financial statements and the business of BBU (including BBUC and its subsidiaries) will be the same as it was before the creation of BBUC and the transactions conducted in connection with, and to facilitate, the Special Distribution.
52. If the Exchangeable Shares are not included in the market capitalization of BBU, the equity value of BBU will be understated initially by the value of the Exchangeable Shares, being approximately 33% (assuming a one-for-two distribution ratio). As a result, related party transactions of BBU that are entered into through a subsidiary entity of BBUC may be subject to the Valuation and Minority Approval Requirements in circumstances where the fair market value of the transactions are effectively less than 25% of the fully diluted market capitalization of BBU.
53. BBU has already received relief similar to the Transaction Size Relief in respect of the Redeemable Partnership Units. On June 20, 2016, the Ontario Securities Commission granted BBU an exemption from the Valuation and Minority Approval Requirements in connection with any related party transaction of BBU entered into indirectly through Holding LP or a subsidiary of Holding LP if that transaction would qualify for the Market Cap Exemption if the Redeemable Partnership Units were included in the calculation of BBU's market capitalization.

## Decision

The principal regulator is satisfied that the decision meets the test set out in the Legislation for the principal regulator to make the decision.

The decision of the principal regulator under the Legislation is that the Initial Decision is revoked and the Exemption Sought is granted provided that:

1. in respect of the BBU Related Party Relief and BBUC Related Party Relief:
  - (a) all of the equity securities of BBUC are owned, directly or indirectly, by BBU;
  - (b) all of the voting securities of BBUC (other than the Exchangeable Shares) are owned, directly or indirectly, by BBU;
  - (c) there are no material changes to the Exchangeable Share Provisions, as described above; and
  - (d) BBU consolidates BBUC and its businesses in BBU's financial statements;
2. in respect of the Transaction Size Relief:
  - (a) the transaction would qualify for the Market Cap Exemption if the Exchangeable Shares were considered an outstanding class of equity securities of BBU that were convertible into BBU Units;
  - (b) there are no material changes to the Exchangeable Share Provisions, as described above; and
  - (c) any annual information form or equivalent of BBU that is required to be filed in accordance with applicable securities laws contain the following disclosure, with any immaterial modifications as the context may require:

Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* ("MI 61-101") provides a number of circumstances in which a transaction between an issuer and a related party may be subject to valuation and minority approval requirements. An exemption from such requirements is available when the fair market value of the transaction is not more than 25% of the market capitalization of the issuer. Brookfield Business Partners L.P. ("BBU") has been granted exemptive relief from the requirements of MI 61-101 that, subject to certain conditions, permits it to be exempt from the minority approval and valuation requirements for transactions that would have a value of less than 25% of BBU's market capitalization, if Brookfield Asset Management Inc.'s ("Brookfield") indirect equity interest in BBU, and the class A exchangeable subordinate voting shares of Brookfield Business Corporation ("BBUC") are included in the calculation of BBU's market capitalization. As a result, the 25% threshold, above which the minority approval and valuation requirements apply, is increased to include the approximately 48% indirect interest in BBU in the form of redeemable partnership units of Brookfield Business L.P. (assuming exchange of such redeemable partnership units) held by Brookfield and the approximately 33% indirect interest in BBU in the form of class A exchangeable subordinate voting shares of BBUC held by Brookfield and the public.

**IN THE MATTER OF  
BROOKFIELD BUSINESS CORPORATION AND  
BROOKFIELD ASSET MANAGEMENT INC.**

**DECISION**

**Background**

The principal regulator in the Jurisdiction has received an application from Brookfield Business Corporation (**BBUC**) and Brookfield Asset Management Inc. (**Brookfield**, and together with BBUC, the **Filers**) for a decision under the securities legislation of the Jurisdiction of the principal regulator (the **Legislation**) that:

- (a) the requirements contained in the Legislation to file a preliminary prospectus and a final prospectus and receive receipts therefor (the **Prospectus Requirement**) shall not apply to specific trades in non-voting limited partnership units of Brookfield Business Partners L.P. (**BBU**), to be made in connection with the

distribution and exchange of class A exchangeable subordinate voting shares of BBUC (the **Exchangeable Shares**) by Brookfield pursuant to the terms of the Rights Agreement (each as defined below);

- (b) BBUC be exempt from the requirements contained in section 2.2(e) of National Instrument 44-101 *Short Form Prospectus Distributions* (**NI 44-101**) with respect to equity securities (the **Short Form Prospectus Eligibility Requirements**); and
- (c) BBUC be exempt from requirements contained in section 9.3(1)(b) of National Instrument 44-102 – *Shelf Distributions* (**NI 44-102**), that distributions by way of an at-the-market distribution using the shelf procedures be limited to distributions of equity securities (the **At-the-Market Distribution Eligibility Requirements**),  
  
(collectively, the **Exemption Sought**).

A decision granting the Exemption Sought to the Filers was issued by the principal regulator on November 26, 2021 (the **Initial Decision**) in connection with a preliminary prospectus filed by the Filers on July 30, 2021 to facilitate the Special Distribution (as defined below). The Filers were unable to file a final prospectus within the maximum time period prescribed by section 2.3 of National Instrument 41-101 *General Prospectus Requirements* and filed the New Prospectus (as defined below) on January 26, 2022.

Other than the filing of the New Prospectus, there have been no changes to the terms of the Special Distribution, the Exchangeable Share Provisions, or the ownership and control of BBUC that will exist upon completion of the Special Distribution. The representations of the Filers made in the Initial Decision have been repeated here and updated where appropriate given the passage of time since the date of the Initial Decision.

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a passport application):

- (a) the Ontario Securities Commission is the principal regulator for this application; and
- (b) the Filer has provided notice that subsection 4.7(1) of Multilateral Instrument 11-102 *Passport System* (**MI 11-102**) is intended to be relied upon in British Columbia, Alberta, Saskatchewan, Manitoba, Quebec, New Brunswick, Nova Scotia, Prince Edward Island, Newfoundland and Labrador, the Northwest Territories, Yukon and Nunavut, as applicable.

**Interpretation**

Terms defined in National Instrument 14-101 *Definitions* (**NI 14-101**), MI 11-102 and NI 44-101 have the same meaning if used in this decision, unless otherwise defined.

### The Special Distribution

18. On January 26, 2022, (i) BBUC filed a long form prospectus to qualify the distribution of Exchangeable Shares to be distributed by BBU to holders of BBU Units (the **Special Distribution**) and (ii) BBU filed a short form prospectus on the same day for the distribution of BBU Units issuable or deliverable upon the exchange, redemption or purchase of Exchangeable Shares pursuant to their terms. (collectively, the **New Prospectus**).
19. Upon obtaining a receipt for the final prospectus, BBUC will become a reporting issuer in each of the provinces and territories of Canada.

20. BBU and BBUC filed a registration statement on Form F-1 with the U.S. Securities and Exchange Commission (the **SEC**) on July 30, 2021, as thereafter amended, to register the Exchangeable Shares that will be distributed pursuant to the Special Distribution; and BBU filed a registration on Form F-3 with the SEC on August 12, 2021, as thereafter amended, to register the BBU Units issuable or deliverable upon the exchange, redemption or purchase of Exchangeable Shares pursuant to their terms.
21. The only voting securities of BBUC are the Exchangeable Shares and the Class B Shares. Holders of Exchangeable Shares are entitled to one (1) vote per Exchangeable Share held and holders of Class B Shares are entitled to cast, in the aggregate, a number of votes equal to three (3) times the number of votes attached to the Exchangeable Shares.
22. Neither the Exchangeable Shares nor the Class B Shares carry a residual right to participate in the assets of BBUC upon liquidation or winding-up of BBUC, and accordingly, are not equity securities under the Legislation. The Class C Shares are the only equity securities of BBUC.
23. In November and December 2021, the following assets and ownership interests were transferred, directly or indirectly, by CanHoldCo to BBUC for consideration consisting of promissory notes (the **2021 Promissory Notes**) and 7,345,846 BBUC Common Shares:
- (a) an approximate 28% economic interest in Healthscope Pty Limited;
  - (b) an approximate 26% economic interest in BRK Ambiental Participações S.A.;
  - (c) an approximate 27% economic interest in Westinghouse Electric Company; and
  - (d) a 100% economic interest in Multiplex Global Limited.
24. Prior to the Special Distribution,
- (a) BBUC will reclassify its share structure such that, following the reclassification, BBUC's authorized share capital will consist of: (i) an unlimited number of Exchangeable Shares; (ii) an unlimited number of class B multiple voting shares (the **Class B Shares**); (iii) an unlimited number of class C non-voting shares (the **Class C Shares**); (iv) an unlimited number of class A senior preferred shares (issuable in series); and (v) an unlimited number of class B junior preferred shares (issuable in series); and
  - (b) the 2021 Promissory Notes and an additional promissory note issued to CanHoldCo in exchange for a contribution of cash will be settled in exchange for the issuance of approximately up to 74 million Exchangeable Shares and cash;
- (c) the 7,345,846 BBUC Common Shares held, directly or indirectly, by CanHoldCo will be converted into Class C Shares;
  - (d) CanHoldCo will subscribe for one (1) Class B Share for nominal consideration, following which all of BBUC's issued and outstanding securities will be held, directly or indirectly, by CanHoldCo;
  - (e) BBUC Holdings Inc., a wholly-owned subsidiary of BBUC, will loan an amount of cash currently estimated to be \$391 million, to CanHoldCo in exchange for a promissory note;
  - (f) CanHoldCo will distribute all of the Exchangeable Shares to Holding LP as a return of capital; and
  - (g) BBU will receive Exchangeable Shares through a distribution in specie by Holding LP of Exchangeable Shares to its unitholders, including BAM through its indirect ownership of Redeemable Partnership Units.
25. The distribution ratio of Exchangeable Shares for each BBU Unit has been determined using: (i) the fair market value of the businesses to be transferred by BBU to BBUC, (ii) the number of the BBU Units outstanding at the time of the Special Distribution (assuming the exchange of all Redemption-Exchange Units into BBU Units) and (iii) the market capitalization of BBU. Holders of BBU Units will receive one (1) Exchangeable Share (less any Exchangeable Shares withheld to satisfy withholding tax obligations) for every two (2) BBU Units held as of the record date of the Special Distribution.
26. No unitholder will be entitled to receive any fractional interest in Exchangeable Shares in connection with the Special Distribution. Unitholders who would otherwise be entitled to a fractional Exchangeable Share will receive a cash payment. BBU will use the volume-weighted average trading price of the Exchangeable Shares for the five (5) trading days immediately following the Special Distribution date to determine the value of the Exchangeable Shares for the purpose of calculating the cash payable in lieu of any fractional interests.
27. BBUC has received conditional approval to list the Exchangeable Shares on the TSX, and the NYSE has conditionally authorized BBUC to list the Exchangeable Shares on the NYSE.

28. BBU believes that certain investors in certain jurisdictions may be dissuaded from investing in BBU because of the tax reporting framework that results from investing in units of a Bermuda exempted limited partnership. With the objective of providing investors that would not otherwise invest in BBU with an opportunity to gain access to BBU's portfolio of infrastructure assets, BBU created BBUC and is distributing Exchangeable Shares pursuant to the Special Distribution.
29. Each Exchangeable Share has been structured with the intention of providing an economic return equivalent to a BBU Unit and the rights, privileges, restrictions and conditions attached to each Exchangeable Share (the **Exchangeable Share Provisions**) are such that each Exchangeable Share is intended to be, as nearly as practicable, functionally and economically, equivalent to a BBU Unit. In particular:
- (a) each Exchangeable Share will be exchangeable at the option of a holder for one (1) BBU Unit (subject to adjustment to reflect certain capital events) or its cash equivalent (the form of payment to be determined at the election of BBUC) (an **Exchange**);
  - (b) the Exchangeable Shares are redeemable by BBUC at any time (including following a notice requiring redemption having been given by BBU) for BBU Units (or its cash equivalent, at BBUC's election) on a one-for-one basis (subject to adjustment to reflect certain capital events) (a **Redemption**);
  - (c) upon a liquidation, dissolution or winding up of BBUC, holders of Exchangeable Shares will be entitled to receive BBU Units on a one-for-one basis (subject to adjustment to reflect certain capital events) and not any remaining property or assets of BBUC following such payment (a **BBUC Liquidation**);
  - (d) upon a liquidation, dissolution or winding up of BBU, including where substantially concurrent with a BBUC Liquidation, all of the Exchangeable Shares will be automatically redeemed for BBU Units (or its cash equivalent, at BBUC's election) on a one-for-one basis (subject to adjustment to reflect certain capital events) (a **BBU Liquidation**); and
  - (e) subject to applicable law and in accordance with the Exchangeable Share Provisions, each Exchangeable Share will entitle the holder to dividends from BBUC payable at the same time as, and equivalent to, each distribution on a BBU Unit. The Exchangeable Share Provisions
30. Upon being notified by BBUC that BBUC has received a request for an Exchange, BBU has an overriding call right to purchase (or have one of its affiliates purchase) all of the Exchangeable Shares that are the subject of the Exchange notice from the holder of Exchangeable Shares for BBU Units (or its cash equivalent, at BBU's election) on a one-for-one basis (subject to adjustment to reflect certain capital events).
31. Upon being notified by BBUC that it intends to conduct a Redemption, BBU has an overriding call right to purchase (or have one of its affiliates purchase) all but not less than all of the then outstanding Exchangeable Shares for BBU Units on a one-for-one basis (subject to adjustment to reflect certain capital events).
32. Upon the occurrence of a BBU Liquidation or BBUC Liquidation, BBU will have an overriding liquidation call right to purchase (or have one of its affiliates purchase) all but not less than all of the then outstanding Exchangeable Shares on the day prior to the effective date of such BBU Liquidation or BBUC Liquidation for BBU Units on a one-for-one basis (subject to adjustment to reflect certain capital events).
33. Prior to the Special Distribution, Brookfield will enter into a rights agreement (the **Rights Agreement**) pursuant to which it will agree that, for the five-year period beginning on the date of the Special Distribution, Brookfield will guarantee BBUC's obligation to deliver BBU Units or its cash equivalent in connection with a redemption or Exchange.
34. An investment in Exchangeable Shares is intended to be, as nearly as practicable, functionally and economically, equivalent to an investment in BBU Units. BBU expects that:
- (a) investors of Exchangeable Shares may purchase Exchangeable Shares as an alternative way of owning BBU Units rather than a separate and distinct investment; and
  - (b) the market price of the Exchangeable Shares will be significantly impacted by (i) the combined business performance of BBUC and BBU as a single economic unit and (ii) the market price of BBU Units, in a
- also provide that if a distribution is declared on the BBU Units and an equivalent dividend is not declared and paid concurrently on the Exchangeable Shares, then the undecleared or unpaid amount of such dividend accrues and accumulates and is to be paid upon the first to occur of any of the circumstances contemplated by paragraphs (a) to (d) above, if not yet paid.

manner that should result in the market price of the Exchangeable Shares closely tracking the market price of the BBU Units.

35. A holder of Exchangeable Shares would be able to terminate its investment by either (i) selling the Exchangeable Shares on the TSX or on the NYSE, or (ii) selling the BBU Units received by operation of the Exchangeable Share Provisions on the TSX or on the NYSE.

Issuance of BBU Units Under the Rights Agreement

36. The attributes of the Exchangeable Shares, as set out in the Exchangeable Share Provisions, and the trades contemplated by the Rights Agreement involve or may involve:

- (a) the delivery by Brookfield of BBU Units to a holder of Exchangeable Shares; and
- (b) the first trade of BBU Units received by a holder of Exchangeable Shares in connection with the Rights Agreement.

37. Under section 2.42 of National Instrument 45-106 *Prospectus Exemptions* and in connection with the conversion, exchange, or exercise of a security, the Prospectus Requirement does not apply to a distribution by an issuer if (a) the issuer distributes a security of its own issue to a security holder of the issuer in accordance with the terms and conditions of a security previously issued by that issuer, or (b) subject to certain notification requirements, the issuer distributes a security of a reporting issuer held by it to a security holder of the issuer in accordance with the terms and conditions of a security previously issued by that issuer.

38. If Brookfield were required to deliver the BBU Units pursuant to the Rights Agreement in the future, it could not rely on paragraph 2.42(b) of NI 45-106, because Brookfield would be delivering BBU Units to a security holder of BBUC, not of Brookfield.

39. In absence of an exemption, the delivery by Brookfield of BBU Units to a holder of Exchangeable Shares, must comply with the Prospectus Requirement under the Legislation in each jurisdiction of Canada where the delivery occurs.

40. The Exchangeable Shares represent part of the equity value of BBU and are intended to be, in all material respects, functionally and economically equivalent to the BBU Units. As a result of the Exchangeable Share Provisions, holders of Exchangeable Shares are able to receive a BBU Unit or its cash equivalent (the form of payment to be determined at the election of BBUC) and will receive identical distributions to the BBU Units. Investors may purchase Exchangeable Shares as an alternative way of owning BBU Units rather than a separate and distinct investment.

41. A key factor in ensuring that an investment in the Exchangeable Shares will be as nearly as practicable, functionally and economically equivalent to an investment in BBU Units is the ability of holders of Exchangeable Shares to (i) exchange their Exchangeable Shares, (ii) receive BBU Units on the exchange, and (iii) sell the BBU Units on the TSX or the NYSE.

42. Relief from the Prospectus Requirement for the delivery by Brookfield of BBU Units to holders of Exchangeable Shares is necessary for the operation of the backstop provided by Brookfield to holders of Exchangeable Shares. As such, granting relief from the Prospectus Requirement is not contrary to the public interest.

Qualification to File Short Form Prospectus

43. BBUC wishes to be eligible to file short form prospectuses under NI 44-101 upon completion of the Special Distribution. While BBUC does not currently intend to complete a distribution immediately following the completion of the Special Distribution, BBUC's eligibility to file short form and shelf prospectuses is critical to its viability as an issuer of a security offering an alternative way of owning BBU Units. In addition, there are short time frames associated with financings undertaken in current market conditions. As a result, the relief from the Short Form Prospectus Eligibility Requirements is being sought in advance of the completion of the Special Distribution and any possible follow on distribution of BBUC securities.

44. The qualification criteria for short form prospectus eligibility are outlined in section 2.2 of NI 44-101. Once BBUC becomes a reporting issuer, it will satisfy all of the qualification criteria for short form prospectus eligibility in section 2.2 of NI 44-101 with the exception of subsection 2.2(e) which requires that an issuer's equity securities are listed and posted for trading on a short form eligible exchange and that an issuer is not an issuer whose (i) operations have ceased, or (ii) whose principal asset is cash, cash equivalents, or its exchange listing (the **Equity Security Requirement**). The term "equity security" is defined under the Legislation as a security that carries a residual right to participate in the earnings of the issuer and, on the liquidation or winding up of the issuer, in its assets. The Exchangeable Shares do not carry a residual right to participate in the assets of BBUC upon liquidation or winding-up of BBUC, and accordingly, are not equity securities under the Legislation.

45. In the event that BBUC undertakes an offering or other distribution of its securities prior to the filing of its audited financial statements for the year ended December 31, 2021, BBUC intends to rely on the exemption in subsection 2.7(1) of NI 44-101 from the requirements to have (i) current annual financial statements and (ii) a current AIF.

46. BBUC is not eligible for the exemption for alternative qualification criteria for conventional preferred shares under Part 2 of NI 44-101 because the Exchangeable Shares are not conventional preferred shares.
47. It is appropriate for the Exchangeable Shares to be treated as equity securities for the purposes of NI 44-101 since the Exchangeable Shares are, in effect, the economic and voting equivalent of the BBU Units and the BBU Units do qualify as equity securities under NI 44-101.
48. Except for not meeting the Equity Security Requirement, BBUC would otherwise be qualified to file a prospectus in the form of a short form prospectus pursuant to, and in accordance with, NI 44-101.

Qualification of At-the-Market Distribution

49. Pursuant to section 9.3(1)(b) of NI 44-102, only equity securities may be distributed by way of an at-the-market distribution using the shelf procedures.
50. Based upon the rationale provided in paragraphs 44, 34, 47, and 48 above, it is not prejudicial to the public interest to exempt the company from the At-the-Market Distribution Requirements.

**Decision**

The principal regulator is satisfied that the decision meets the test set out in the Legislation for the principal regulator to make the decision.

The decision of the principal regulator under the Legislation is that the Initial Decision is revoked and the Exemption Sought is granted provided that:

1. the Prospectus Requirement shall not apply to the delivery by Brookfield of BBU Units to holders of Exchangeable Shares for the duration of the Rights Agreement, provided that:
- (a) such BBU Units are delivered strictly pursuant to Brookfield's agreement to guarantee BBUC's obligation to deliver BBU Units in connection with an Exchange under the terms of the Rights Agreement;
  - (b) BBU is a reporting issuer, as defined in the Legislation, in a jurisdiction of Canada at the time such relief is relied upon for the delivery of BBU Units;
  - (c) the terms of the Rights Agreement are not materially amended; and
  - (d) Brookfield has provided prior written notice of the distribution to the principal regulator;

2. any first trade in BBU Units acquired by a holder of Exchangeable Shares in connection with Brookfield satisfying its obligations under the Rights Agreement shall not be a distribution under the Legislation, provided that:
- (a) BBU is and has been a reporting issuer, as defined in the Legislation, in a jurisdiction of Canada for the four months immediately preceding the trade;
  - (b) the trade is not in previously issued securities of an issuer from the holdings of any control person, as that term is defined in subsection 1(1) of the *Securities Act* (Ontario);
  - (c) no unusual effort is made to prepare the market or to create a demand for the BBU Units;
  - (d) no extraordinary commission or consideration is paid to a person or company in respect of the trade;
  - (e) if the selling securityholder is an insider or officer of BBU, the selling security holder has no reasonable grounds to believe that BBU is in default of securities legislation; and
  - (f) the terms of the Rights Agreement are not materially amended;
3. the decision as it relates to the Prospectus Requirement shall terminate on the day on which the Rights Agreement is terminated.
4. BBUC does not have to comply with the Short Form Prospectus Eligibility Requirements so long as:
- (a) BBUC is otherwise qualified to file a preliminary short form prospectus under section 2.2 of NI 44-101;
  - (b) the Exchangeable Shares are listed and posted for trading on a short form eligible exchange (as defined in NI 44-101);
  - (c) BBUC is not an issuer whose operations have ceased; and
  - (d) BBUC is not an issuer whose principal asset is cash, cash equivalents, or its exchange listing.
5. BBUC does not have to comply with the At-the-Market Distribution Requirements so long as:
- (a) BBUC otherwise satisfies the conditions set out in section 9.3 of NI 44-102 to distribute securities under an ATM prospectus (as defined in NI 44-102) as part of an at-the-market distribution;

- (b) the security being distributed is an Exchangeable Share; and
- (c) the BBU Units qualify as equity securities under NI 44-102.

As to the Prospectus Requirement,

“Frances Kordyback”  
Commissioner

**DECISION**

#### BACKGROUND

The principal regulator in the Jurisdiction has received an application (the **Application**) from the Filer on behalf of the ETFs (as defined below) for a decision under the securities legislation of the Jurisdiction (the **Legislation**) that exempts the ETFs from subsection 9.4(2) of National Instrument 81-102 *Investment Funds* (**NI 81-102**), to permit each ETF to accept Digital Assets (as defined below) as subscription proceeds for Creation Units (as defined below) (the **Requested Relief**).

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a passport application):

- (a) the Ontario Securities Commission is the principal regulator for the Application; and

- (b) the Filer has provided notice that subsection 4.7(1) of Multilateral Instrument 11-102 – *Passport System (MI 11-102)* is intended to be relied upon in all of the provinces and territories of Canada other than Ontario (together with Ontario, the **Jurisdictions**).

- (j) **Representative ETF** means CI Galaxy Bitcoin ETF or CI Galaxy Ethereum ETF.
- (k) **Unlisted Securities** means a series of securities of an ETF offered only on a private placement basis pursuant to available prospectus exemptions, including the accredited investor exemption, under securities laws.

## INTERPRETATION

Terms defined in National Instrument 14-101 – *Definitions*, NI 81-102 and MI 11-102 have the same meaning if used in this decision, unless otherwise defined. The following terms have the following meanings:

- (a) **Authorized Dealer** means a registered dealer that has entered, or intends to enter, into an agreement with the Filer, authorizing the dealer to subscribe for, purchase and redeem Creation Units from one or more ETFs on a continuous basis from time to time.
- (b) **Creation Units** means Listed Securities that are subscribed for or purchased directly from the ETFs by Authorized Dealers, Designated Brokers and other permitted purchasers.
- (c) **Digital Asset** means bitcoin or ether.
- (d) **Designated Broker** means a registered dealer that has entered, or intends to enter, into an agreement with the Filer to perform certain duties in relation to the ETF, including the posting of a liquid two-way market for the trading of the ETF's Listed Securities on an Exchange.
- (e) **Exchange** means the Toronto Stock Exchange or another stock exchange recognized by the Ontario Securities Commission.
- (f) **ETF** means each of the Representative ETFs and other exchange-traded funds now, or in the future, that intends to hold Digital Assets in its investment portfolio and that is, or will be, managed by the Filer and that offers or will offer Listed Securities.
- (g) **Filer** means CI Investments Inc. or its affiliate.
- (h) **Listed Securities** means a series of securities of an ETF distributed pursuant to a long form prospectus that is listed on an Exchange.
- (i) **Prescribed Number of Listed Securities** means the number of Listed Securities of an ETF determined by the Filer from time to time for the purpose of subscription orders, exchanges, redemptions or for other purposes.

## REPRESENTATIONS

This decision is based on the following facts represented by the Filer.

### *The Filer*

1. The Filer is a corporation amalgamated under the laws of Ontario with its head office located in Toronto, Ontario.
2. The registered office of the Filer is located in Toronto, Ontario.
3. The Filer is registered:
  - (a) as an investment fund manager under the securities legislation in Ontario, Québec and Newfoundland and Labrador;
  - (b) as a portfolio manager and exempt market dealer under the securities legislation of each of the Jurisdictions; and
  - (c) as a commodity trading counsel and commodity trading manager under the *Commodity Futures Act* (Ontario).
4. The Filer will be the trustee and investment fund manager of each ETF.
5. The Filer is not in default of securities legislation in any of the Jurisdictions.

### *The Representative ETFs*

6. Each Representative ETF is a reporting issuer under the laws of all of the Jurisdictions and is an open-ended mutual fund subject to NI 81-102.
7. Each Representative ETF may issue more than one series of securities, including, but not limited to, Listed Securities and Unlisted Securities.
8. CI Galaxy Bitcoin ETF filed a final long form prospectus on March 4, 2021 with the securities regulatory authorities, and CI Galaxy Ethereum ETF filed the same on April 16, 2021, in each of the Jurisdictions to qualify the issuance of its Listed Securities in each of the Jurisdictions on a continuous basis.
9. Neither of the Representative ETFs is in default of securities legislation in any of the Jurisdictions.
10. The investment objective of CI Galaxy Bitcoin ETF is to provide unitholders exposure to bitcoin through

an institutional-quality fund platform. This Representative ETF seeks to buy and hold substantially all of its assets in bitcoin.

11. The investment objective of CI Galaxy Ethereum ETF is to provide unitholders exposure to ether through an institutional-quality fund platform. This Representative ETF seeks to buy and hold substantially all of its assets in ether.

*In-Kind Subscriptions and Redemptions*

12. Generally, subscriptions or purchases of Creation Units may only be placed for a Prescribed Number of Listed Securities (or a multiple thereof) on any day when there is a trading session on an Exchange. Authorized Dealers or Designated Brokers subscribe for Creation Units for the purpose of facilitating investor purchases of Listed Securities on the Exchange.
13. Subsection 9.4(2) of NI 81-102 provides that a mutual fund may accept as subscription proceeds for its securities either cash or securities. Digital Assets are neither cash nor securities.
14. Absent exemptive relief, each ETF is prohibited under subsection 9.4(2) of NI 81-102 from accepting Digital Assets as payment, in whole or in part, for Creation Units.
15. The price that investors can purchase the Listed Securities of an ETF for on an Exchange is largely determined by the hedging costs of the Authorized Dealers and Designated Broker. The lower the cost of the hedging instruments, the closer the trading price that the investor receives for their Listed Securities will be to the net asset value per security of the ETF.
16. In the case of each ETF, if the Authorized Dealers and the Designated Broker are not able to hedge with the applicable Digital Asset itself and if these parties cannot deliver that Digital Asset in kind to the ETF, the trading price for the Listed Securities of the ETF will be determined based on the price of those futures contracts where the underlying interest is the applicable Digital Asset. The difference between the price of the Digital Asset and the price of the futures contract is reflected in the premium or the discount that the trading price of the Listed Securities bears to the net asset value per security of the Listed Securities. This differential is borne by the investors in the ETF.
17. Permitting Digital Assets to be used to satisfy in-kind subscriptions of Creation Units of each ETF will result in the trading price of the Listed Securities being more closely aligned to the net asset value per security of the ETF.
18. The Digital Asset delivered to an ETF to satisfy the issue price for in-kind subscriptions of Creation Units will be valued by the ETF for purposes of determining the net asset value of the ETF in

accordance with the valuation principles of the ETF disclosed in its most recent prospectus.

19. Each ETF may also accept cash as subscription proceeds for its securities, including Creation Units. To the extent that an ETF holds cash and consistent with its investment objective, it may use that cash to purchase Digital Assets.

**DECISION**

The principal regulator is satisfied that the decision meets the test set out in the Legislation for the principal regulator to make the decision.

The decision of the principal regulator under the Legislation is that the Requested Relief is granted, provided that:

- (a) the acceptance of Digital Assets as payment, in whole or in part, for the issue price of Creation Units is made in accordance with paragraph 9.4(2)(b) of NI 81-102; and
- (b) the Filer enter into an agreement with the Designated Broker, each Authorized Dealer and any other person that is permitted to pay for Listed Securities or Unlisted Securities purchased directly from an ETF by delivering Digital Assets to the ETF that requires, among other things, that all Digital Assets delivered in kind to an ETF as payment for the issue price of securities of the ETF:
- (i) be acquired only on an exchange, trading platform or trading venue, or from an OTC counterparty, that (A) is registered as a dealer or a marketplace in Canada, or (B) is regulated as a trust company or a broker-dealer under the laws of a state of the United States, and, in each case, is required under such registration or by its regulator, as the case may be, to comply with the laws of the applicable jurisdiction aimed at the prevention and detection of money laundering and terrorist financing activities; and
- (ii) be delivered directly from the exchange, trading venue or counterparty to the digital wallet of the ETF at its custodian or sub-custodian.

### DECISION

### Background

The securities regulatory authority or regulator in each of the Jurisdictions (**Decision Maker**) has received an application from the Filer for a decision under the securities legislation of the Jurisdictions (the **Legislation**) that pursuant to section 15.1 of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations* (**NI 31-103**), the Filer and its Registered Individuals (as defined below) are exempt from the prohibition in paragraph 13.18(2)(b) of NI 31-103 that a registered individual may not use a corporate officer title when interacting with clients, unless the individual has been appointed to that corporate office by their sponsoring firm pursuant to applicable corporate law, in respect of Clients (as defined below) (the **Exemption Sought**).

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a dual application):

- (a) the Autorité des marchés financiers is the principal regulator for this application,

(b) the Filer has provided notice that subsection 4.7(1) of Multilateral Instrument 11-102 *Passport System* (**MI 11-102**) is intended to be relied upon by the Filer and its Registered Individuals (as defined below) in each of the other provinces and territories of Canada (the **Other Jurisdictions**) in respect of the Exemption Sought, and

(c) the decision is the decision of the principal regulator and evidences the decision of the securities regulatory authority or regulator in Ontario.

### Interpretation

Terms defined in MI 11-102 and National Instrument 14-101 *Definitions* have the same meaning if used in this decision, unless otherwise defined.

### Representations

This decision is based on the following facts represented by the Filer:

1. The Filer is a corporation formed under the laws of Canada and has its head office in Montréal, Québec.
2. The Filer is registered in the category of “investment dealer” in each of Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland and Labrador, the Northwest Territories, Nova Scotia, Nunavut, Ontario, Prince Edward Island, Québec, Saskatchewan, and Yukon. The Filer is also registered in the category of “futures commission merchant” in each of Manitoba and Ontario, and in the category of “derivatives dealer” in Québec.
3. The Filer is a “participating organization” of the Toronto Stock Exchange, an “approved participant” of the Montréal Exchange, a member of each of the TSX Venture Exchange and the Canadian National Stock Exchange, and a “dealer member” of the Investment Industry Regulatory Organization of Canada (**IIROC**).
4. The Filer is not in default of securities or commodity futures legislation in any of the Jurisdictions.
5. The Filer is an indirect wholly-owned subsidiary of National Bank of Canada (**National Bank**), a Schedule I Canadian chartered bank.
6. The Filer is a legal entity comprising four business units: National Bank Independent Network, National Bank Direct Brokerage, National Bank Financial Wealth Management (**NBFWM**) and National Bank Financial Markets (**NBFM**). NBFWM carries out the retail brokerage activities, and NBFM carries out the institutional brokerage business and corporate and investment banking business, respectively, of the Filer.

7. NBFM has offices in Montréal, Toronto, Calgary, Vancouver, and London, England, with the employees across the various offices operating as one team, to ensure that it provides the needed expertise to NBFM's broad client base. NBFM offers a wide range of financial products and services, including research, investment banking services (including mergers and acquisitions advisory services), equities, fixed income, options, futures, sales, and trading.
8. The Filer is the sponsoring firm for registered individuals that interact with clients of NBFM and use a corporate officer title without being appointed to the corporate office of the Filer pursuant to applicable corporate law (the **Registered Individuals**). The number of Registered Individuals may increase or decrease from time to time as the business of the Filer changes. As of the date of this decision, the Filer has approximately 130 Registered Individuals.
9. The current titles used by the Registered Individuals include the words "Vice-President", "Director", and variations thereof such as "Associate Director", "Managing Director" and "Managing Director and (Co-)Head", and the Registered Individuals may use additional corporate officer titles in the future (collectively, the **Titles**).
10. The Filer has a process in place for awarding the Titles, which sets out the criteria for each of the Titles. The Titles are based on criteria including seniority and experience, and a Registered Individual's sales activity or revenue generation is not a primary factor in the decision by the Filer to award one of the Titles.
11. The Registered Individuals interact only with institutional clients that are, each, a non-individual "institutional client", as defined in IIROC Rule 1201 (the **Clients**).
12. Section 13.18 of NI 31-103 prohibits registered individuals in their client-facing relationships from, among other things, using titles or designations that could reasonably be expected to deceive or mislead existing and prospective clients. Paragraph 13.18(2)(b) of NI 31-103 specifically prohibits the use of corporate officer titles by registered individuals who interact with clients unless the individuals have been appointed to those corporate offices by their sponsoring firms pursuant to applicable corporate law.
13. There would be significant operational and human resources challenges for the Filer to comply with the prohibition in paragraph 13.18(2)(b). In addition, the Titles are widely used and recognized throughout the institutional segment of the financial services industry within Canada and globally, and being unable to use the Titles has the potential to put the Filer and its Registered Individuals at a

competitive disadvantage as compared to non-Canadian firms that are not subject to the prohibition and who compete for the same institutional clients.

14. Given their nature and sophistication, the use of the Titles by the Registered Individuals would not be expected to deceive or mislead existing and prospective Clients.
15. For the reasons provided above, it would not be prejudicial to the public interest to grant the Exemption Sought.

#### Decision

Each of the Decision Makers is satisfied that the decision meets the test set out in the Legislation for the Decision Maker to make the decision.

The decision of the Decision Makers under the Legislation is that the Exemption Sought is granted, provided that, when using the Titles, the Filer and its Registered Individuals interact only with existing and prospective clients that are exclusively non-individual "institutional clients", as defined in IIROC Rule 1201.

This decision will terminate six months, or such other transition period as may be provided by law, after the coming into force of any amendment to NI 31-103 or other applicable securities law that affects the ability of the Registered Individuals to use the Titles in the circumstances described in this decision.

### Background

The principal regulator in the Jurisdiction has received an application from the Filer for a decision under the securities legislation of the Jurisdiction (the **Legislation**) for an exemption (the **Exemption Sought**) from the prospectus requirement in section 53 of the *Securities Act* (Ontario) in connection with the proposed distribution (the **Dividend Distribution**) by the Filer of ordinary shares (**Woodside Shares**) of Woodside Petroleum Ltd. (**Woodside**), by way of a dividend *in specie* to holders (**Filer Shareholders**) of shares of ordinary shares of the Filer (**Filer Shares**) resident in Canada (**Filer Canadian Shareholders**).

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a passport application):

### Interpretation

Terms defined in National Instrument 14-101 *Definitions* and MI 11-102 have the same meaning if used in this decision, unless otherwise defined.

### Representations

This decision is based on the following facts represented by the Filer:

1. The Filer is an Australian corporation and is a global resources company that produces essential commodities including iron ore, copper, nickel, metallurgical coal and petroleum. The Filer's principal executive office is located at 171 Collins Street, Melbourne, Victoria, 3000 Australia.
2. The Filer formerly operated under a Dual Listed Company Structure where two parent companies, the Filer and BHP Group Plc (**Plc**), a company incorporated under the laws of England and Wales, operated as a single entity.
3. On January 31, 2022, the Filer completed a UK scheme of arrangement in order to unify the BHP corporate group structure under a single parent, being the Filer (the **Unification Transaction**). The Unification Transaction essentially resulted in each ordinary share in the capital of Plc (**Plc Share**) being exchanged for one Filer Share.
4. The Filer is not a reporting issuer in any province or territory of Canada and does not have a current intention of becoming a reporting issuer in any province or territory of Canada.
5. As at January 10, 2022, there were 2,950,251,394 Filer Shares and a further 2,112,071,796 Plc Shares issued and outstanding.
6. The Filer Shares are listed for trading on the Australian Securities Exchange (**ASX**), the London Stock Exchange (**LSE**) and the Johannesburg Stock Exchange (**JSE**) under the symbol "BHP". In addition, American Depositary Shares (each representing two Filer Shares) evidenced by American Depositary Receipts (**ADRs**) trade on the New York Stock Exchange (**NYSE**) under the symbol "BHP". Other than the foregoing listings, no securities of the Filer are listed or posted for trading on any exchange or market in Canada or outside of Canada. The Filer has no current intention of listing its securities on any Canadian exchange.
7. The Filer is registered with the Australian Securities and Investments Commission (the **ASIC**) and is subject to the requirements of the *Corporations Act of 2001 (Cth)*, as amended (the **Corporations Act**). It is also subject to the rules and regulations of the ASX, LSE and JSE.
8. The Filer is a registrant with the United States Securities and Exchange Commission (**SEC**) and is subject to the requirements of the *United States Securities Exchange Act of 1934*, as amended, and the rules and regulations of the NYSE.

9. According to a registered shareholder report prepared for the Filer by Computershare Limited, as at December 31, 2021, there were 533 registered holders of Filer Shares and Plc Shares resident in Canada, representing approximately 0.09% of the registered holders of Filer Shares and Plc Shares worldwide, and holding an aggregate of approximately 935,047 Filer Shares and Plc Shares, representing approximately 0.02% of the total outstanding Filer Shares and Plc Shares as at such date. The Filer does not expect these numbers to have materially changed since that date.
10. According to a beneficial ownership report (the **Beneficial Ownership Report**) prepared for the Filer by Nasdaq Inc, as at December 15, 2021, there were 62 beneficial holders of Filer Shares and Plc Shares resident in Canada, representing approximately 0.06% of the beneficial holders of Filer Shares and Plc Shares identified in the Beneficial Ownership Report, and holding an aggregate of approximately 59,395,319 Filer Shares and Plc Shares, representing approximately 1.2% of the total outstanding Filer Shares and Plc Shares as at such date. The Beneficial Ownership Report accounts for approximately 80% of the total outstanding Filer Shares and Plc Shares as at such date and while indicative, is the most comprehensive source of information available to the Filer regarding the holdings and jurisdictions of residence of the beneficial holders of Filer Shares and Plc Shares. The Filer does not expect these numbers to have materially changed since the date of the Beneficial Ownership Report.
11. Based on the information above relating to holders of Filer Shares and Plc Shares, the number of registered and beneficial Filer Canadian Shareholders and the proportion of Filer Shares held by such shareholders is *de minimis* after giving effect to the Unification Transaction.
12. On November 22, 2021, the Filer announced that it signed a binding share sale agreement with Woodside for the merger of the Filer's oil and gas portfolio with Woodside. Pursuant to the merger, Woodside will acquire all the issued and outstanding shares of BHP Petroleum International Pty Ltd. (**BHP Petroleum**) from the Filer in exchange for the issuance by Woodside to the Filer of Woodside Shares (**Consideration Shares**), which are expected to represent approximately 48% of the issued and outstanding Woodside Shares, on a post-issue basis (the **Woodside Transaction**). Immediately following receipt of the Consideration Shares, the Filer will complete the Dividend Distribution of the Consideration Shares to the Filer Shareholders as of the record date for such dividend on the basis of a fixed distribution ratio to be determined, subject to restrictions in any jurisdiction that prevent the distribution of the Consideration Shares pursuant to the Dividend Distribution in such jurisdiction.
13. Woodside is an Australian corporation and is a petroleum exploration and production company. Woodside's principal executive office is located at 11 Mount Street, Perth, Western Australia, 6000 Australia.
14. Woodside is not a reporting issuer in any province or territory of Canada and does not have a current intention of becoming a reporting issuer in any province or territory of Canada.
15. As at January 10, 2022, there were 969,631,826 Woodside Shares issued and outstanding.
16. The Woodside Shares are listed for trading on the ASX under the symbol "WPL". Other than the foregoing listing on the ASX, no securities of Woodside are listed or posted for trading on any exchange or market in Canada or outside of Canada. Woodside is currently pursuing a secondary listing on the NYSE through an ADR arrangement and admission to trading on the standard segment of the Main Market of the LSE, with a target of being active by completion of the Woodside Transaction. Woodside has no current intention of listing its securities on any Canadian exchange.
17. Woodside is registered with the ASIC and is subject to the requirements of the Corporations Act, and the rules and regulations of the ASX.
18. Woodside has informed the Filer that, according to a registered shareholder report prepared by Computershare Limited, as at January 7, 2022, there were 73 registered holders of Woodside Shares resident in Canada, representing approximately 0.03% of the registered holders of Woodside Shares worldwide, and holding an aggregate of approximately 131,953 Woodside Shares, representing approximately 0.01% of the total outstanding Woodside Shares as at such date.
19. Woodside has informed the Filer that Woodside engaged Orient Capital to run an indicative beneficial ownership analysis of shareholders where the beneficial ownership differs from the registered owners above a certain threshold (**Beneficial Ownership Analysis**). According to the Beneficial Ownership Analysis, as at November 30, 2021, there were 16 beneficial holders identified of Woodside Shares resident in Canada, representing approximately 2.3% of the beneficial holders of Woodside Shares worldwide that were identified in that report, and holding an aggregate of approximately 1,665,061 Woodside Shares, representing approximately 0.17% of the total outstanding Woodside Shares as at such date..
20. Based on the information above relating to Filer Canadian Shareholders and holders of Woodside Shares resident in Canada (**Woodside Canadian Shareholders**), the number of Woodside Canadian

- Shareholders and the proportion of Woodside Shares held by such shareholders is *de minimis* before, and is expected to remain *de minimis* after, giving effect to the Dividend Distribution.
21. The Woodside Transaction and the Dividend Distribution are inter-dependent and are expected to be completed in the second quarter of 2022.
22. Filer Shareholders will not be required to pay any cash, deliver any other consideration or surrender or exchange their Filer Shares, or take any other action in order to receive Consideration Shares in connection with the Dividend Distribution. The Dividend Distribution will occur automatically without any investment decision on the part of Filer Shareholders.
23. The Woodside Transaction and the Dividend Distribution are being effected in accordance with the laws of Australia.
24. The Filer is not required to obtain shareholder approval for the Woodside Transaction or the Dividend Distribution.
25. Filer Canadian Shareholders will be treated the same as Filer Shareholders resident in Australia in connection with the Woodside Transaction and Dividend Distribution. No changes to the Filer Shares will result from the Woodside Transaction and Dividend Distribution. Following such transactions, Filer Shareholders will continue to hold their Filer Shares, the Filer Shares will continue to be listed for trading on those stock exchanges on which they are listed immediately prior to the transactions, and Filer Shareholders, including Filer Canadian Shareholders, will continue to receive the continuous and periodic disclosure materials required to be sent by the Filer to its shareholders under applicable Australian law.
26. Pursuant to Australian law, the Filer will be producing an exchange announcement (the **Exchange Announcement**) on or about March 10, 2022 that describes the Woodside Transaction and the Dividend Distribution and their impact on the Filer and the Filer Shareholders, including information about the number of Consideration Shares expected to be distributed to Filer Shareholders and how the distribution ratio will be calculated, the expected tax consequences of the Dividend Distribution and other material information concerning the transactions. The Exchange Announcement will be publicly available.
27. Pursuant to the rules and regulations of the ASX, Woodside is required to obtain shareholder approval for the Woodside Transaction. In connection therewith, Woodside will be issuing a Notice of Meeting and Explanatory Memorandum to the holders of Woodside Shares to inform them of the Woodside Transaction (the **Explanatory Memorandum**) on or about March 10, 2022. The Explanatory Memorandum will be publicly available. In connection with the additional exchange listings which it is pursuing, Woodside will also be preparing and filing a registration statement with the SEC (United States) and a prospectus with the Financial Conduct Authority (United Kingdom), both of which will be publicly available.
28. Following the completion of the Dividend Distribution, Filer Canadian Shareholders who receive Consideration Shares pursuant to the Dividend Distribution, to the extent they continue to hold such shares, will be treated as any other Woodside shareholders and will thereafter be concurrently sent the same continuous and periodic disclosure materials required to be sent by Woodside under applicable Australian law to all other holders of Woodside Shares.
29. There will be no active trading market for the Woodside Shares in Canada following the Dividend Distribution and none is expected to develop. Consequently, it is expected that any resale of Woodside Shares distributed in the Dividend Distribution will occur through the facilities of the ASX or any other exchange or market outside of Canada on which the Woodside Shares may be quoted or listed at the time that the trade occurs or to a person or company outside of Canada.
30. The distribution by the Filer of the Consideration Shares to Filer Canadian Shareholders pursuant to the Dividend Distribution would be exempt from the prospectus requirement pursuant to section 2.31(2) of National Instrument 45-106 *Prospectus Exemptions* but for the fact that Woodside is not a reporting issuer under the securities legislation of any jurisdiction in Canada.
31. Neither the Filer nor, to the knowledge of the Filer, Woodside is in default of any of its obligations under the securities legislation of any jurisdiction in Canada.

#### Decision

The principal regulator is satisfied that the decision meets the test set out in the Legislation for the principal regulator to make the decision.

The decision of the principal regulator under the Legislation is that the Exemption Sought is granted provided that the first trade in the Consideration Shares acquired pursuant to the Dividend Distribution will be deemed to be a distribution that is subject to section 2.6 of National Instrument 45-102 *Resale of Securities*.

DECISION

Background

The principal regulator in the Jurisdiction (the **Decision Maker**) has received an application from Enriched and FirmInvest (collectively, the **Filers**) for a decision under the securities legislation of the Jurisdiction (the **Legislation**), pursuant to section 15.1 of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations (NI 31-103)*, for an exemption from

the restrictions in paragraphs 4.1(1)(a) and (b) of NI 31-103 to permit Ratcliffe to act as an advising representative of Enriched while also acting as an advising representative, director and officer of FirmInvest for a limited period of time following the acquisition of all the client accounts of FirmInvest by Enriched (the **Exemption Sought**).

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a passport application):

- (a) the Ontario Securities Commission (the **OSC**) is the principal regulator for this application; and
- (b) the Filers have provided notice that subsection 4.7(1) of Multilateral Instrument 11-102 *Passport System (MI 11-102)* is intended to be relied upon in British Columbia and Quebec.

Interpretation

Terms defined in MI 11-102, NI 31-103 and National Instrument 14-101 *Definitions* have the same meaning in this decision unless otherwise defined.

Representations

This decision is based on the following facts represented by the Filers:

Enriched

- 1. Enriched is a company organized under the laws of Alberta with its head office in Alberta. Enriched is currently registered in the categories of portfolio manager and investment fund manager under the securities legislation of the Jurisdictions.
- 2. Enriched provides discretionary portfolio management services to its clients.
- 3. The principal regulator of Enriched is the OSC.
- 4. Enriched is not in default of any requirement of securities legislation in any jurisdiction of Canada.

FirmInvest

- 5. FirmInvest is a company organized under the laws of Ontario, with its head office in Ontario. FirmInvest is registered in the categories of portfolio manager and exempt market dealer under the securities legislation of each of the Jurisdictions.
- 6. The principal regulator of FirmInvest is the OSC.
- 7. FirmInvest provides discretionary portfolio management services to its clients.
- 8. Ratcliffe is the sole shareholder of FirmInvest. He is also the firm's president and is registered as its ultimate designated person, chief compliance officer and sole advising representative.

9. On February 25, 2022, FirmInvest, David Ratcliffe and staff of the OSC entered into a settlement agreement in relation to FirmInvest's failure to comply with sections 11.1 and 11.5 of NI 31-103 and Ratcliffe's failure to comply with sections 5.1, 5.2 and 13.3 of NI 31-103 (the **Settlement Agreement**). As a condition, FirmInvest's registration will be suspended, and immediately thereafter revoked, 60 days after the Settlement Agreement is signed in order to permit an orderly transfer of its clients to a different registered firm (the **FirmInvest Suspension Date**).
10. Other than the matters set out in the Settlement Agreement, FirmInvest is not in default of any requirement of securities legislation in any jurisdiction of Canada.

#### The Transaction

11. The Filers are each independently owned and are not affiliates of one another.
12. The application for the Exemption Sought is made in relation to the transfer of all of the client accounts of FirmInvest to Enriched (the **Transaction**). In connection with the Transaction, Ratcliffe is seeking registration as an advising representative of Enriched under the securities legislation of each of the Jurisdictions.
13. FirmInvest will transfer all of its client accounts to Enriched in or about March 2022 (the **Account Transfer Date**).

#### Dual Registration

14. During the period from the Account Transfer Date to the FirmInvest Suspension Date, Enriched and FirmInvest require Ratcliffe to be:
- a. an officer, director and advising representative of FirmInvest, to facilitate the orderly wind-up of FirmInvest's registerable business and operations; and
  - b. an advising representative of Enriched, to provide services in relation to former clients of FirmInvest who will become clients of Enriched that are similar to the services he performed on behalf of FirmInvest.
15. After the Account Transfer Date, Ratcliffe, as FirmInvest's sole director, officer, ultimate designated person and chief compliance officer, will act in such capacity only to comply with regulatory requirements, including working to transfer FirmInvest's client accounts to Enriched or to another registered firm.
16. Ratcliffe will have sufficient time and resources to adequately meet his obligations to each of Enriched and FirmInvest. The chief compliance officer and ultimate designated person of each Filer will ensure

that Ratcliffe has sufficient time and resources to adequately serve the respective Filer and its clients.

17. Enriched will ensure that Ratcliffe adheres to any terms and conditions imposed on the registration of FirmInvest.
18. The Filers have in place policies and procedures to address any conflicts of interest that may arise as a result of the dual registration of Ratcliffe. Following the transfer of its client accounts to Enriched, the activities of FirmInvest will be administrative in nature which should result in there being few, if any, conflicts of interest.
19. Ratcliffe will be subject to supervision by, and the applicable compliance requirements of, both Filers.
20. Enriched has compliance and supervisory policies and procedures in place to monitor the conduct of its representatives, including Ratcliffe, and to ensure Enriched can deal appropriately with any conflicts of interest that may arise.
21. Enriched will supervise the activities that Ratcliffe will conduct on behalf of FirmInvest in the same way that it does other outside business activities of its registered individuals, including by holding meetings regularly with him and obtaining regular status reports from him.
22. The relationship of the Filers and the fact that Ratcliffe is dually registered with both Filers will be fully disclosed in writing to clients who deal with Ratcliffe.
23. In the absence of the Exemption Sought, the Filers would be prohibited under paragraphs 4.1(1)(a) and 4.1(1)(b) of NI 31-103 from permitting Ratcliffe to act as an advising representative, director and officer of FirmInvest while also acting as an advising representative of Enriched.

#### Decision

The Decision Maker is satisfied that the decision meets the test set out in the Legislation for the Decision Maker to make the decision.

The decision of the Decision Maker under the Legislation is that the Exemption Sought is granted on the following conditions:

- a. Ratcliffe is subject to the supervision by, and compliance requirements of, both Filers;
- b. The chief compliance officer and ultimate designated person of each Filer ensures that Ratcliffe has sufficient time and resources to adequately serve each Filer and its respective clients;

- c. Each Filer has adequate policies and procedures in place to address any potential conflicts of interest that may arise as a result of the dual registration of Ratcliffe, and deal appropriately with any such conflicts;
- d. The relationship between the Filers and the fact that Ratcliffe is dually registered with both of them is fully disclosed in writing to clients of each of them that deal with Ratcliffe; and
- e. the Exemption Sought expires on the date on which FirmInvest's registration is revoked.

**DECISION**

### Background

The securities regulatory authority or regulator in each of the Jurisdictions (**Decision Maker**) has received an application from the Filer for a decision under the securities legislation of the Jurisdictions (the **Legislation**) that pursuant to section 15.1 of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations* (**NI 31-103**), the Filer and its Registered Individuals (as defined below) are exempt from the prohibition in paragraph 13.18(2)(b) of NI 31-103 that a registered individual may not use a corporate officer title when interacting with clients, unless the individual has been appointed to that corporate office by their sponsoring firm pursuant to applicable corporate law, in respect of Institutional Clients (as defined below) (the **Exemption Sought**).

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a dual application):

- (a) the British Columbia Securities Commission is the principal regulator for this application;

- (b) the Filer has provided notice that subsection 4.7(1) of Multilateral Instrument 11-102 *Passport System (MI 11-102)* is intended to be relied upon by the Filer and its Registered Individuals (as defined below) in each of the other provinces and territories of Canada; and
- (c) the decision is the decision of the principal regulator and evidences the decision of the securities regulatory authority or regulator in Ontario.

### Interpretation

Terms defined in MI 11-102 and National Instrument 14-101 *Definitions* have the same meaning if used in this decision, unless otherwise defined.

### Representations

This decision is based on the following facts represented by the Filer:

1. The Filer is a corporation formed under the laws of British Columbia and has its head office in Vancouver, British Columbia.
2. The Filer is registered as: (i) an investment dealer in Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland and Labrador, Northwest Territories, Nova Scotia, Nunavut, Ontario, Prince Edward Island, Québec, Saskatchewan and Yukon; (ii) a dealer (futures commission merchant) in Manitoba; (iii) a futures commission merchant in the Province of Ontario; and (iv) a derivatives dealer in Québec.
3. The Filer is not in default of securities legislation in any province or territory of Canada.
4. The Filer's principal business is acting as an investment dealer providing investment products and services to individual, corporate and institutional clients.
5. The Filer also conducts business through its subsidiary PI Financial (US) Corp., which is registered with the Financial Industry Regulatory Authority.
6. The Filer is the sponsoring firm for registered individuals that interact with clients and use a corporate officer title without being appointed to the corporate office of the Filer pursuant to applicable corporate law (the **Registered Individuals**). The number of Registered Individuals may increase or decrease from time to time as the business of the Filer changes. As of the date of this decision, the Filer has approximately seven Registered Individuals.
7. The current titles used by the Registered Individuals include the words "Vice President", "Associate Director", "Director" and "Managing Director", and the Registered Individuals may use additional corporate officer titles in the future (collectively, the **Titles**). The Titles used by the Registered Individuals are consistent with the titles used by PI Financial (US) Corp.
8. The Filer has a process in place for awarding the Titles, which sets out the criteria for each of the Titles. The Titles are based on criteria including seniority and experience, and a Registered Individual's sales activity or revenue generation is not a primary factor in the decision by the Filer to award one of the Titles.
9. The Registered Individuals interact primarily with institutional clients that are, each, a non-individual "institutional client" as defined in IROC Rule 1201 (the **Institutional Clients**).
10. To the extent a Registered Individual interacts with clients that are not Institutional Clients (the **Retail Clients**), the Filer has policies, procedures and controls in place to ensure that such Registered Individual will only use a Title when interacting with Institutional Clients, and will not use a Title in any interaction with Retail Clients, including in any communications, such as written and verbal communications, that are directed at, or may be received by, Retail Clients.
11. The Filer will not grant any registered individual that interacts primarily with Retail Clients, nor will such registered individual be permitted by the Filer to use, a corporate officer title other than in compliance with paragraph 13.18(2)(b) of NI 31-103.
12. Section 13.18 of NI 31-103 prohibits registered individuals in their client-facing relationships from, among other things, using titles or designations that could reasonably be expected to deceive or mislead existing and prospective clients. Paragraph 13.18(2)(b) of NI 31-103 specifically prohibits the use of corporate officer titles by registered individuals who interact with clients unless the individuals have been appointed to those corporate offices by their sponsoring firms pursuant to applicable corporate law.
13. There would be significant operational and human resources challenges for the Filer to comply with the prohibition in paragraph 13.18(2)(b). In addition, the Titles are widely used and recognized throughout the institutional segment of the financial services industry within Canada and globally, and being unable to use the Titles has the potential to put the Filer and its Registered Individuals at a competitive disadvantage as compared to non-Canadian firms that are not subject to the prohibition and who compete for the same institutional clients.
14. Given their nature and sophistication, the use of the Titles by the Registered Individuals would not be

expected to deceive or mislead existing and prospective Institutional Clients.

15. For the reasons provided above, it would not be prejudicial to the public interest to grant the Exemption Sought.

### Decision

Each of the Decision Makers is satisfied that the decision meets the test set out in the Legislation for the Decision Marker to make the decision.

The decision of the Decision Makers under the Legislation is that the Exemption Sought is granted, provided that, when using the Titles, the Filer and its Registered Individuals interact only with existing and prospective clients that are exclusively non-individual "institutional clients" as defined in IIROC Rule 1201.

This decision will terminate six months, or such other transition period as may be provided by law, after the coming into force of any amendment to NI 31-103 or other applicable securities law that affects the ability of the Registered Individuals to use the Titles in the circumstances described in this decision.

DECISION

#### Background

The principal regulator in the Jurisdiction has received an application from the Filer (the **Application**) for a decision under the securities legislation of the Jurisdiction (the **Legislation**) exempting the Filer from the dealer registration requirement under section 25(1) of the *Securities Act* (Ontario) (the **Act**) in respect of Prime Services (as defined below) relating to Canadian securities (as defined below) that are provided in Canada to Institutional Permitted Clients (as defined below) (the **Exemption Sought**).

The principal regulator granted similar relief to the Filer in a decision dated February 16, 2017, subject to a five-year sunset clause (the **Previous Decision**). The Previous Decision expired on February 15, 2022 (the **Termination Date**). The principal regulator received the Application prior to the Termination Date.

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a passport application):

- (a) the Ontario Securities Commission (**OSC**) is the principal regulator for this Application, and
- (b) the Filer has provided notice that section 4.7(1) of Multilateral Instrument 11-102 *Passport System* (**MI 11-102**) is intended to be relied upon in each of the other provinces and territories of Canada in which the Filer relies on the exemption found in section 8.18 [*International dealer*] of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations* (**NI 31-103**) other than the province of Alberta (the **Passport Jurisdictions** and together with the Jurisdiction, the **Jurisdictions**).

#### Interpretation

Terms defined in National Instrument 14-101 *Definitions* and MI 11-102 have the same meaning if used in this decision, unless otherwise defined.

For the purposes of this decision, the following terms have the following meanings:

**“Canadian security”** means a security that is not a foreign security;

**“foreign security”** has the meaning ascribed to that term in subsection 8.18(1) of NI 31-103;

**“Institutional Permitted Client”** means a “permitted client” as defined in section 1.1 of NI 31-103, except for: (a) an individual, (b) a person or company acting on behalf of a managed account of an individual, (c) a person or company referred to in paragraph (p) of that definition, unless that person or company qualifies as a permitted client under another paragraph of that definition, or (d) a person or company referred to in paragraph (q) of that definition unless that person or company has net assets of at least \$100 million as shown on its most recently prepared financial statements or qualifies as a permitted client under another paragraph of that definition;

**“Prime Services”** means any of the following: (a) settlement, clearing and custody of trades, client cash and securities positions, (b) financing of long inventory; (c) lending and delivering securities on behalf of a client pursuant to a margin agreement to facilitate client short sales; (d) securities borrowing and/or lending pursuant to a securities lending agreement; (e) asset servicing, and (f) reporting of positions, margin and other balances and activity. For

greater clarity, Prime Services do not include execution of trades in securities;

**“Prime Services Clients”** means an Institutional Permitted Client to whom the Filer provides Prime Services in the Jurisdictions in respect of Canadian securities in addition to foreign securities.

#### Representations

This decision is based on the following facts represented by the Filer:

1. The Filer is a limited liability company organized under the laws of the State of Delaware, United States of America (**U.S.**). Its head office is located at 1285 Avenue of the Americas, New York, NY 10019 U.S. The Filer is an indirect wholly owned subsidiary of UBS AG, a publicly owned Swiss banking corporation.
2. The Filer is registered as a broker-dealer with the U.S. Securities and Exchange Commission (**SEC**) and is a member of the Financial Industry Regulatory Authority (**FINRA**). This registration and membership permits the Filer to provide Prime Services in the U.S.
3. The Filer is a member of a number of major U.S. securities exchanges, including the New York Stock Exchange and NASDAQ. The Filer is a Foreign Approved Participant of the Montreal Exchange and a Registered Futures Commission Merchant of ICE Futures Canada, Inc. The Filer is also a member of the Chicago Board of Trade, the Chicago Mercantile Exchange, ICE Futures Exchange, and other principal U.S. commodity exchanges and trades through affiliated or unaffiliated member firms on other exchanges, including exchanges in Canada, France, Italy, Japan, Singapore, Spain, Taiwan, Mexico, Korea and the United Kingdom.
4. The Filer provides a variety of capital raising, investment banking, market making, brokerage, and advisory services, including fixed income and equity sales and research, commodities trading, foreign exchange sales, emerging markets activities, securities lending, investment banking and derivatives dealing for governments, corporate and financial institutions. The Filer also conducts proprietary trading activities.
5. The Filer provides trade execution services and Prime Services through two different business units and the two business units are separated by information barriers. The Filer relies on section 8.18 [*International dealer*] of NI 31-103 to provide trade execution services in respect of “foreign securities” as defined in that section with Canadian resident “permitted client” as defined in NI 31-103. The Filer also relies on the exemptions found in section 8.5 [*Trades through or to a registered dealer*], in paragraphs (a), (b) and (f) of subsection 8.18(2)

- [*International dealer*], and in section 8.21 [*Specified debt*] of NI 31-103 to provide limited trade execution services in respect of securities of Canadian issuers.
6. The Prime Services provided by the Filer to its Prime Services Clients principally consist of the following: (a) settlement, clearing and custody of trades; (b) financing of long inventory; (c) securities borrowing and/or lending pursuant to a securities lending agreement or delivering securities on behalf of a client pursuant to a margin agreement, in each case, to facilitate client short sales; and (d) reporting of positions, margin and other balances and activity. For greater clarity, Prime Services do not include execution of trades in securities.
  7. The Filer offers Prime Services in the Jurisdictions to Institutional Permitted Clients in respect of Canadian securities and securities of non-Canadian issuers.
  8. In the case of a Prime Services Client that is an investment fund subject to Part 6 of National Instrument 81-102 *Investment Funds (NI 81-102)*, the custodianship requirements in Part 6 of NI 81-102 would only permit the Filer to provide the Prime Services to the investment fund as a sub-custodian of the investment fund in respect of portfolio assets held outside Canada and the Filer would provide Prime Services to an investment fund in compliance with the securities laws applicable to the investment fund, including Part 6 of NI 81-102 and the custody requirements set out in NI 31-103.
  9. Prime Services Clients seek Prime Services from the Filer in order to separate the execution of a trade from the clearing, settlement, custody and financing of a trade. This allows the Prime Services Client to use many executing brokers, without maintaining an active, ongoing custody account with each executing broker. It also allows the Prime Services Client to consolidate settlement, clearing, custody and financing of securities in an account with the Filer.
  10. The Filer's Prime Services Clients directly select their executing brokers. The Filer does not require its Prime Services Clients to use specific executing brokers through which Prime Services Clients must execute trades. Prime Services Clients send trade orders to the executing broker who carries out the trade. The executing broker will be an appropriately registered dealer or a person or company relying on an exemption from the dealer registration requirement that permits such executing broker to execute the trade for Prime Services Clients.
  11. The Filer provides the Prime Services after the execution of the trade, but any commitment to provide financing or to lend or borrow securities in relation to a trade may be made prior to the execution of the trade. The executing broker will communicate the trade details to a Prime Services Client and the Filer or the Filer's clearing agent, as applicable. A Prime Services Client will also communicate the trade details to the Filer. For trades executed on a Canadian marketplace, the Filer will typically need to clear and settle the trades through a participant of the Canadian depository, clearing and settlement hub, CDS Clearing and Depository Services Inc.
  12. The Filer exchanges money or securities and holds the money or securities in an account for each Prime Services Client. If the Filer is clearing and settling the trade through a clearing agent, the Filer's clearing agent exchanges money or securities and holds the money or securities in an omnibus account for the Filer, who in turn maintains a record of the position held for the Prime Services Client on its books and records.
  13. On or following settlement, the Filer provides the other Prime Services as set out in paragraph 6.
  14. The Filer enters into written agreements with each of its Prime Services Clients for the provision of Prime Services.
  15. The Filer currently relies on the "international dealer exemption" under section 8.18 [*international dealer*] of NI 31-103 in Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland and Labrador, Nova Scotia, Ontario, Québec and Saskatchewan to provide Prime Services in respect of foreign securities.
  16. The Filer has been providing Prime Services in the Jurisdictions in reliance on the Previous Decision since February 16, 2017. The Filer is not registered under the securities legislation of any jurisdiction of Canada, is in the business of trading, and in the absence of the Exemption Sought, cannot provide the full range of Prime Services in the Jurisdictions in respect of Canadian securities without registration, except as permitted under section 8.5 [*trades through or to a registered dealer*], under the exemptions found in paragraphs (a), (b) and (f) of subsection 8.18(2) [*international dealer*], and under section 8.21 [*specified debt*] of NI 31-103.
  17. The Filer is subject to regulatory capital requirements under the 1934 Act, specifically SEC Rule 15c3-1 *Net Capital Requirements for Brokers or Dealers (SEC Rule 15c3-1)* and SEC Rule 17a-5 *Reports to be Made by Certain Brokers and Dealers (SEC Rule 17a-5)*.
  18. SEC Rule 15c3-1 requires that the Filer account for any guarantee of debt of a third party in calculating its excess net capital. In particular, in the event that the Filer provides a guarantee of any debt of a third party, it will be required to deduct the total amount of the guarantee in calculating its net capital. The Filer does not guarantee the debt of any third party.

19. SEC Rule 15c3-1 is designed to provide protections that are substantially similar to the protections provided by the capital formula requirements and specifically risk adjusted capital to which dealer members of IROC are subject. The Filer is in compliance with SEC Rule 15c3-1 and is in compliance in all material respects with SEC Rule 17a-5. If the Filer's net capital declines below the minimum amount required, the Filer is required to notify the SEC and FINRA pursuant to SEC Rule 17a-11 *Notification Provisions for Brokers and Dealers (SEC Rule 17a-11)*. The SEC and FINRA have the responsibility to provide oversight over the Filer's compliance with SEC Rule 15c3-1 and SEC Rule 17a-5.
20. The Filer is required to prepare and file a financial report, which includes Form X-17a-5 (the **FOCUS Report**), which is the financial and operational report containing a net capital calculation, and a compliance report annually with the SEC and FINRA pursuant to SEC Rule 17a-5(d). The FOCUS Report provides a more comprehensive description of the business activities of the Filer, and more accurately reflects those activities including client lending activity, than would be provided by Form 31-103F1 *Calculation of Excess Working Capital (Form 31-103F1 under NI 31-103)*. The net capital requirements computed using methods prescribed by SEC Rule 15c3-1 are based on all assets and liabilities on the books and records of a broker-dealer whereas Form 31-103F1 is a calculation of excess working capital, which is a computation based primarily on the current assets and current liabilities on the books and records of the dealer. The Filer is up-to-date in its submissions of annual reports under SEC Rule 17a-5(d), including the FOCUS Report.
21. The Filer is subject to regulations of the Board of Governors of the Federal Reserve System (**FRB**), the SEC and FINRA regarding the lending of money, extension of credit and provision of margin to clients (the **U.S. Margin Regulations**) that provide protections that are substantially similar to the protections provided by the requirements regarding the lending of money, extension of credit and provision of margin to clients to which dealer members of IROC are subject. In particular, the Filer is subject to the margin requirements imposed by the FRB, including Regulation T and under applicable SEC rules and under FINRA Rule 4210. The Filer is in compliance in all material respects with applicable U.S. Margin Regulations.
22. The Filer holds customer assets in accordance with Rule 15c3-3 of the 1934 Act (**SEC Rule 15c3-3**). SEC Rule 15c3-3 requires the Filer to segregate and keep segregated all "fully-paid securities" and "excess margin securities" (as such terms are defined in SEC Rule 15c3-3) of its customers from its proprietary assets. In addition to the segregation of customers' securities, SEC Rule 15c3-3 requires the Filer to deposit an amount of cash or qualified government securities determined in accordance with a reserve formula set forth in SEC Rule 15c3-3 in an account entitled "Special Reserve Account for the Exclusive Benefit of Customers" of the Filer at separate banks and/or custodians. The combination of segregated securities and cash reserve are designed to ensure that the Filer has sufficient assets to cover all net equity claims of its customers and provide protections that are substantially similar to the protections provided by the requirements to which dealer members of IROC are subject. If the Filer fails to make an appropriate deposit, the Filer is required to notify the SEC and FINRA pursuant to SEC Rule 15c3-3(i). The Filer is in material compliance with the possession and control requirements of SEC Rule 15c3-3.
23. The Filer is a member of the Securities Investors Protection Corporation (**SIPC**) and, subject to the eligibility criteria of SIPC, Prime Services Clients' assets held by the Filer are insured by SIPC against loss due to insolvency.
24. Subject to the decision requested as a consequence of the recent expiry of the Previous Decision, the Filer is not in default of securities legislation or commodity futures legislation in any jurisdiction in Canada. The Filer is in compliance in all material respects with U.S. securities laws.
25. The Filer submits that the Exemption Sought would not be prejudicial to the public interest because:
- (a) the Filer is regulated as a broker-dealer under the securities legislation of the U.S., and is subject to the requirements referred to in paragraphs 17 to 22;
  - (b) the availability of and access to Prime Services in respect of Canadian securities is important to Canadian institutional investors who are active participants in the international marketplace;
  - (c) the Filer provides Prime Services in the Jurisdictions in respect to Canadian securities only to Institutional Permitted Clients;
  - (d) the OSC has entered into a memorandum of understanding with the SEC regarding mutual assistance in the supervision and oversight of regulated entities that operate on a cross-border basis in the U.S. and Canada; and
  - (e) the OSC has entered into a memorandum of understanding with FINRA to provide a formal basis for the exchange of regulatory information and investigative assistance.
26. The Filer is a "market participant" as that term is defined under subsection 1(1) of the Act. As a

market participant, among other requirements, the Filer is required to comply with the record keeping and provision of information provisions under section 19 of the Act, which include the requirement to keep such books, records and other documents as are necessary for the proper recording of its business transactions and financial affairs, and the transactions it executes on behalf of others and to deliver such records to the OSC if required.

27. If in the future the Filer wishes to offer Prime Services in Alberta, the Filer will not rely on subsection 4.7(1) of MI 11-102 to passport this decision into Alberta.

**Decision**

The principal regulator is satisfied that the decision meets the test set out in the Legislation for the principal regulator to make the decision.

The decision of the principal regulator under the Legislation is that the Exemption Sought is granted so long as the Filer:

- (a) has its head office or principal place of business in the U.S.;
- (b) is registered as a broker-dealer under the securities legislation of the U.S., which permits the Filer to provide the Prime Services in the U.S.;
- (c) is a member of FINRA;
- (d) is a member of SIPC;
- (e) is subject to requirements over regulatory capital, lending of money, extension of credit, provision of margin, financial reporting to the SEC and FINRA, and segregation and custody of assets which provide protections that are substantially similar to the protections provided by the rules to which dealer members of IIROC are subject;
- (f) limits its provision of Prime Services in the Jurisdictions in respect of Canadian securities to Institutional Permitted Clients;
- (g) does not execute trades in Canadian securities with or for Prime Services Clients, except as permitted under applicable Canadian securities laws;
- (h) does not require its Prime Services Clients to use specific executing brokers through which Prime Services Clients must execute trades;
- (i) submits the financial report and compliance report as described in SEC Rule 17a-5(d) to the OSC on an annual basis, at the same time such reports are filed with the SEC and FINRA;

- (j) submits audited financial statements to the OSC on an annual basis, within 90 days of the Filer's financial year end;
- (k) submits to the OSC immediately a copy of any notice it files under SEC Rule 17a-11 or under SEC Rule 15c3-3(i) with the SEC and FINRA;
- (l) complies with the filing and fee payment requirements that would be applicable to the Filer if it were a registrant firm under OSC Rule 13-502 Fees;
- (m) files in an electronic and searchable format with the OSC such reports as to any or all of its trading activities in Canada as the OSC may, upon notice, require from time to time; and
- (n) pays the increased compliance and case assessment costs of the principal regulator due to the Filer's location outside Ontario, including, as required, the reasonable cost of hiring a third party to perform a compliance review on behalf of the principal regulator.

This decision shall expire five years after the date hereof.

This decision may be amended by the OSC from time to time upon prior written notice to the Filer.

THE PROCESS FOR EXEMPTIVE RELIEF

**IN THE MATTER OF  
STIFEL NICOLAUS CANADA INC.  
(the Filer)**

**DECISION**

### Background

The principal regulator in the Jurisdiction has received an application from the Filer for a decision under the securities legislation of the Jurisdiction (the **Legislation**) that pursuant to section 15.1 of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations* (**NI 31-103**), the Filer and its Registered Individuals (as defined below) are exempt from the prohibition in paragraph 13.18(2)(b) of NI 31-103 that a registered individual may not use a corporate officer title when interacting with clients, unless the individual has been appointed to that corporate office by their sponsoring firm pursuant to applicable corporate law, in respect of Clients (as defined below) (the **Exemption Sought**).

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a passport application):

- (a) the Ontario Securities Commission is the principal regulator for this application, and
- (b) the Filer has provided notice that subsection 4.7(1) of Multilateral Instrument 11-102 *Passport System* (**MI 11-102**) is

intended to be relied upon by the Filer and its Registered Individuals (as defined below) in each of the other provinces and territories of Canada (together with the Jurisdiction, the **Jurisdictions**) in respect of the Exemption Sought.

### Interpretation

Terms defined in MI 11-102 and National Instrument 14-101 *Definitions* have the same meaning if used in this decision, unless otherwise defined.

### Representations

This decision is based on the following facts represented by the Filer:

1. The Filer is a corporation incorporated under the laws of Ontario with its head office located in Toronto, Ontario.
2. The Filer is registered as an investment dealer in each of the Jurisdictions and is a member of the Investment Industry Regulatory Organization of Canada (**IIROC**).
3. The Filer is not in default of securities legislation in any of the Jurisdictions.
4. The Filer's principal business is providing services, including sales, trading and research services, to institutional clients. The Filer also provides investment banking services to corporate issuers.
5. The Filer is a subsidiary of Stifel Financial Corp. (**Stifel**), which is a diversified global wealth management and investment banking company, with offices in the United States, Europe and the United Kingdom.
6. The Filer is the sponsoring firm for registered individuals that interact with clients and use a corporate officer title without being appointed to the corporate office of the Filer pursuant to applicable corporate law (the **Registered Individuals**). The number of Registered Individuals may increase or decrease from time to time as the business of the Filer changes. As of the date of this decision, the Filer has approximately 35 Registered Individuals.
7. The current titles used by the Registered Individuals include the words "Director", "Managing Director", "Senior Vice President" and "Vice President", and the Registered Individuals may use additional corporate officer titles in the future (collectively, the **Titles**). As a global organization, the current titling model used by the Filer is similar across Stifel affiliates and subsidiaries (the **Stifel Group**).
8. The Filer has a process in place for awarding the Titles, which sets out the criteria for each of the Titles. The Titles are based on criteria including seniority and experience, and a Registered

Individual's sales activity or revenue generation is not a primary factor in the decision by the Filer to award one of the Titles.

9. The Registered Individuals interact only with institutional clients that are, each, a non-individual "institutional client" as defined in IIROC Rule 1201 (the **Institutional Clients**), for which the Registered Individuals provide sales, trading and research services, as well as corporate issuer clients for which the Registered Individuals provide investment banking services (the **Corporate Issuer Clients**, and, together with the **Institutional Clients**, the **Clients**).
10. Section 13.18 of NI 31-103 prohibits registered individuals in their client-facing relationships from, among other things, using titles or designations that could reasonably be expected to deceive or mislead existing and prospective clients. Paragraph 13.18(2)(b) of NI 31-103 specifically prohibits the use of corporate officer titles by registered individuals who interact with clients unless the individuals have been appointed to those corporate offices by their sponsoring firms pursuant to applicable corporate law.
11. There would be significant operational and human resources challenges for the Filer to comply with the prohibition in paragraph 13.18(2)(b). In addition, the Titles are widely used and recognized throughout the institutional segment of the financial services industry within Canada and globally, and being unable to use the Titles has the potential to put the Filer and its Registered Individuals at a competitive disadvantage as compared to non-Canadian firms that are not subject to the prohibition and who compete for the same institutional clients.
12. Given their nature and sophistication, the use of the Titles by the Registered Individuals would not be expected to deceive or mislead existing and prospective Clients.
13. For the reasons provided above, it would not be prejudicial to the public interest to grant the Exemption Sought.

#### Decision

The principal regulator is satisfied that the decision meets the test set out in the Legislation for the principal regulator to make the decision.

The decision of the principal regulator under the Legislation is that the Exemption Sought is granted, provided that, when using the Titles, the Filer and its Registered Individuals interact only with existing and prospective Institutional Clients that are exclusively non-individual "institutional clients" as defined in IIROC Rule 1201, or existing and prospective Corporate Issuer Clients for which the Filer and its Registered Individuals provide investment banking services.

This decision will terminate six months, or such other transition period as may be provided by law, after the coming into force of any amendment to NI 31-103 or other applicable securities law that affects the ability of the Registered Individuals to use the Titles in the circumstances described in this decision.

**16. Immediate Implementation of a Public Interest Rule or Significant Change**

- (a) The Exchange may need to make a Public Interest Rule or Significant Change effective immediately where the Exchange determines that there is an urgent need to implement the Rule or Change to maintain fair and orderly markets, or because of a substantial and imminent risk of material harm to the Exchange, its members, other market participants, issuers or investors.
- (b) When the Exchange determines that immediate implementation is necessary, it will advise Staff in writing as soon as possible, but in any event, at least five business days prior to the proposed implementation of the Public Interest Rule or Significant Change. The written notice will include the expected effective date of the Public Interest Rule or Significant Change and an analysis to support the need for immediate implementation.
