

**IN THE MATTER OF THE SECURITIES ACT
R.S.O. 1990, c.S.5, AS AMENDED**

and in the matter of

SHANE SUMAN and MONIE RAHMAN

**STATEMENT OF ALLEGATIONS OF THE
ONTARIO SECURITIES COMMISSION**

Staff of the Ontario Securities Commission (“Commission”) make the following allegations:

The Respondents

1. Shane Suman is a resident of Ontario and is a former employee of MDS Sciex (Sciex), a division of MDS Inc. (MDS). MDS is listed on the Toronto Stock Exchange and the New York Stock Exchange.
2. Monie Rahman is resident in the United States and is Suman’s spouse. Rahman has an on-line securities trading account at E*Trade Canada Inc. (“E*Trade Account). Both Suman and Rahman have the E*Trade Account password and traded in securities using the account.

Overview

3. On January 29, 2007, MDS, publicly announced that it would be acquiring Molecular Devices Corporation (“MDCC”), a United States corporation listed on the NASDAQ (the “Announcement”). The Announcement confirmed that MDS planned to create a new business unit combining the business of MDCC with the business of Sciex.
4. Prior to the Announcement, the share price for MDCC (as at the close of January 26, 2007) was \$23.88. At the close of business on January 29, 2007, the share price rose to \$35.07, for an approximate increase in price of 46%. All amounts described herein, unless otherwise stated, are in US dollars.

5. The fact of MDS acquisition of MDCC was a material fact as defined by the *Securities Act*.

6. At the time of the Announcement, Suman was an employee in the IT department of Sciex and had access to the confidential email traffic of individuals (at both MDS and Sciex) who were in a special relationship with MDS and he had access to material, non-public, information about the Announcement.

7. Suman became aware of the Announcement in the course of his employment, before there was a general public disclosure by MDS. He conveyed the substance of the material non-public information respecting the acquisition, later described in the Announcement, to his wife, Rahman.

8. In the days immediately prior to the Announcement, 900 option contracts and 12,000 shares of MDCC were purchased by Suman and Rahman in the E*Trade account. Suman and Rahman had online/internet access to place trades in the Account via a shared password.

Knowledge of Suman of the Material Information

9. During the due diligence process, prior to the MDS decision described in the Announcement, MDS executives (and others within MDS and Sciex who were participating in the project's due diligence process) were given access to a secure electronic data room. This data room was an electronic repository for documents related to the due diligence activities of entities interested in acquiring MDCC. Any time information was added to the data room, an email notification was sent out to a predetermined email list, which included MDS and Sciex employees.

10. During the operation of the data room a significant number of notification emails were sent to the mailing list. Each notification email showed the sender to be Molecular Devices. In addition, the subject line for a number of the emails contained the words "Monument", which was the project name assigned to the potential acquisition of MDCC by MDS ("Project Monument"). The nature of the project was strictly confidential and

was not communicated to any MDS or Sciex employees, other than those who were involved in the potential acquisition of MDCC and in due diligence sessions leading up to the Announcement. Suman was not a member of Project Monument.

11. Within the IT department at Sciex, Suman was responsible for overseeing the unsolicited bulk email (or “spam”) filter system. In this capacity, Suman had access to a queue of emails entering the Sciex email system. This queue of emails included emails originating from the data room and emails containing Monument in the subject line and Molecular Devices in the sent line, which identifiers were visible to Suman.
