

**ATTN: John Stevenson (OSC) and the Honorable Iris Evans (Minister of Finance)**

**RE. Proposed Regulatory Changes Regarding Investments (NI 31-103)**

I am concerned and apposed to the proposed NI 31-103. The suggested "Know Your Client" forms will comprmise the privacy of investor information since each person will be required to provide their financial information to the 'sales person'. What privacy controls are proposed for the sales people who collect this info? Further, why is it necessary to micro-manage how citizens choose to invest their money?

**Please STOP this proposed plan (NI 31-103) to force investors to divulge their private financial information.**

Sincerely,  
Anton Baser  
Calgary, AB
