

POLICY REFORMULATION TABLE OF CONCORDANCE AND LIST OF NEW INSTRUMENTS

Policy Reformulation Table of Concordance

To assist market participants in identifying the status of instruments that existed before the Policy Reformulation Project, we, the staff of the OSC, have prepared a Table of Concordance. The Table shows the treatment of each National Policy, Uniform Act Policy, OSC Policy, Blanket Ruling, CSA Notice, OSC Notice, Principles of Regulation, Staff Accounting Communiqué, Registration Section Clarification Note, and Interpretation Note in existence prior to Reformulation. The Table indicates whether the relevant instrument has been published for comment as a new instrument (under Reformulation), finalized, or is under consideration, or whether the instrument has been or is proposed to be repealed, rescinded, or withdrawn. The Table only denotes the primary instrument and does not indicate the corresponding companion policy or forms where applicable.

The Table has been revised to reflect the status of all instruments, as of June 30, 2022 and replaces all previously published Tables.

List of New Instruments

The second part of this notice contains a list of new initiatives that were developed separately from the Policy Reformulation Project. The List of New Instruments represents staff's views at this time. All instruments are subject to the Commission's approval and may be subject to change. This list of New Instruments replaces all previously published Lists.

A detailed explanation of the instrument numbering system used by the Canadian Securities Administrators (CSA) can be found at (2015) 38 OSCB 839.
